Chapter 540 Balance

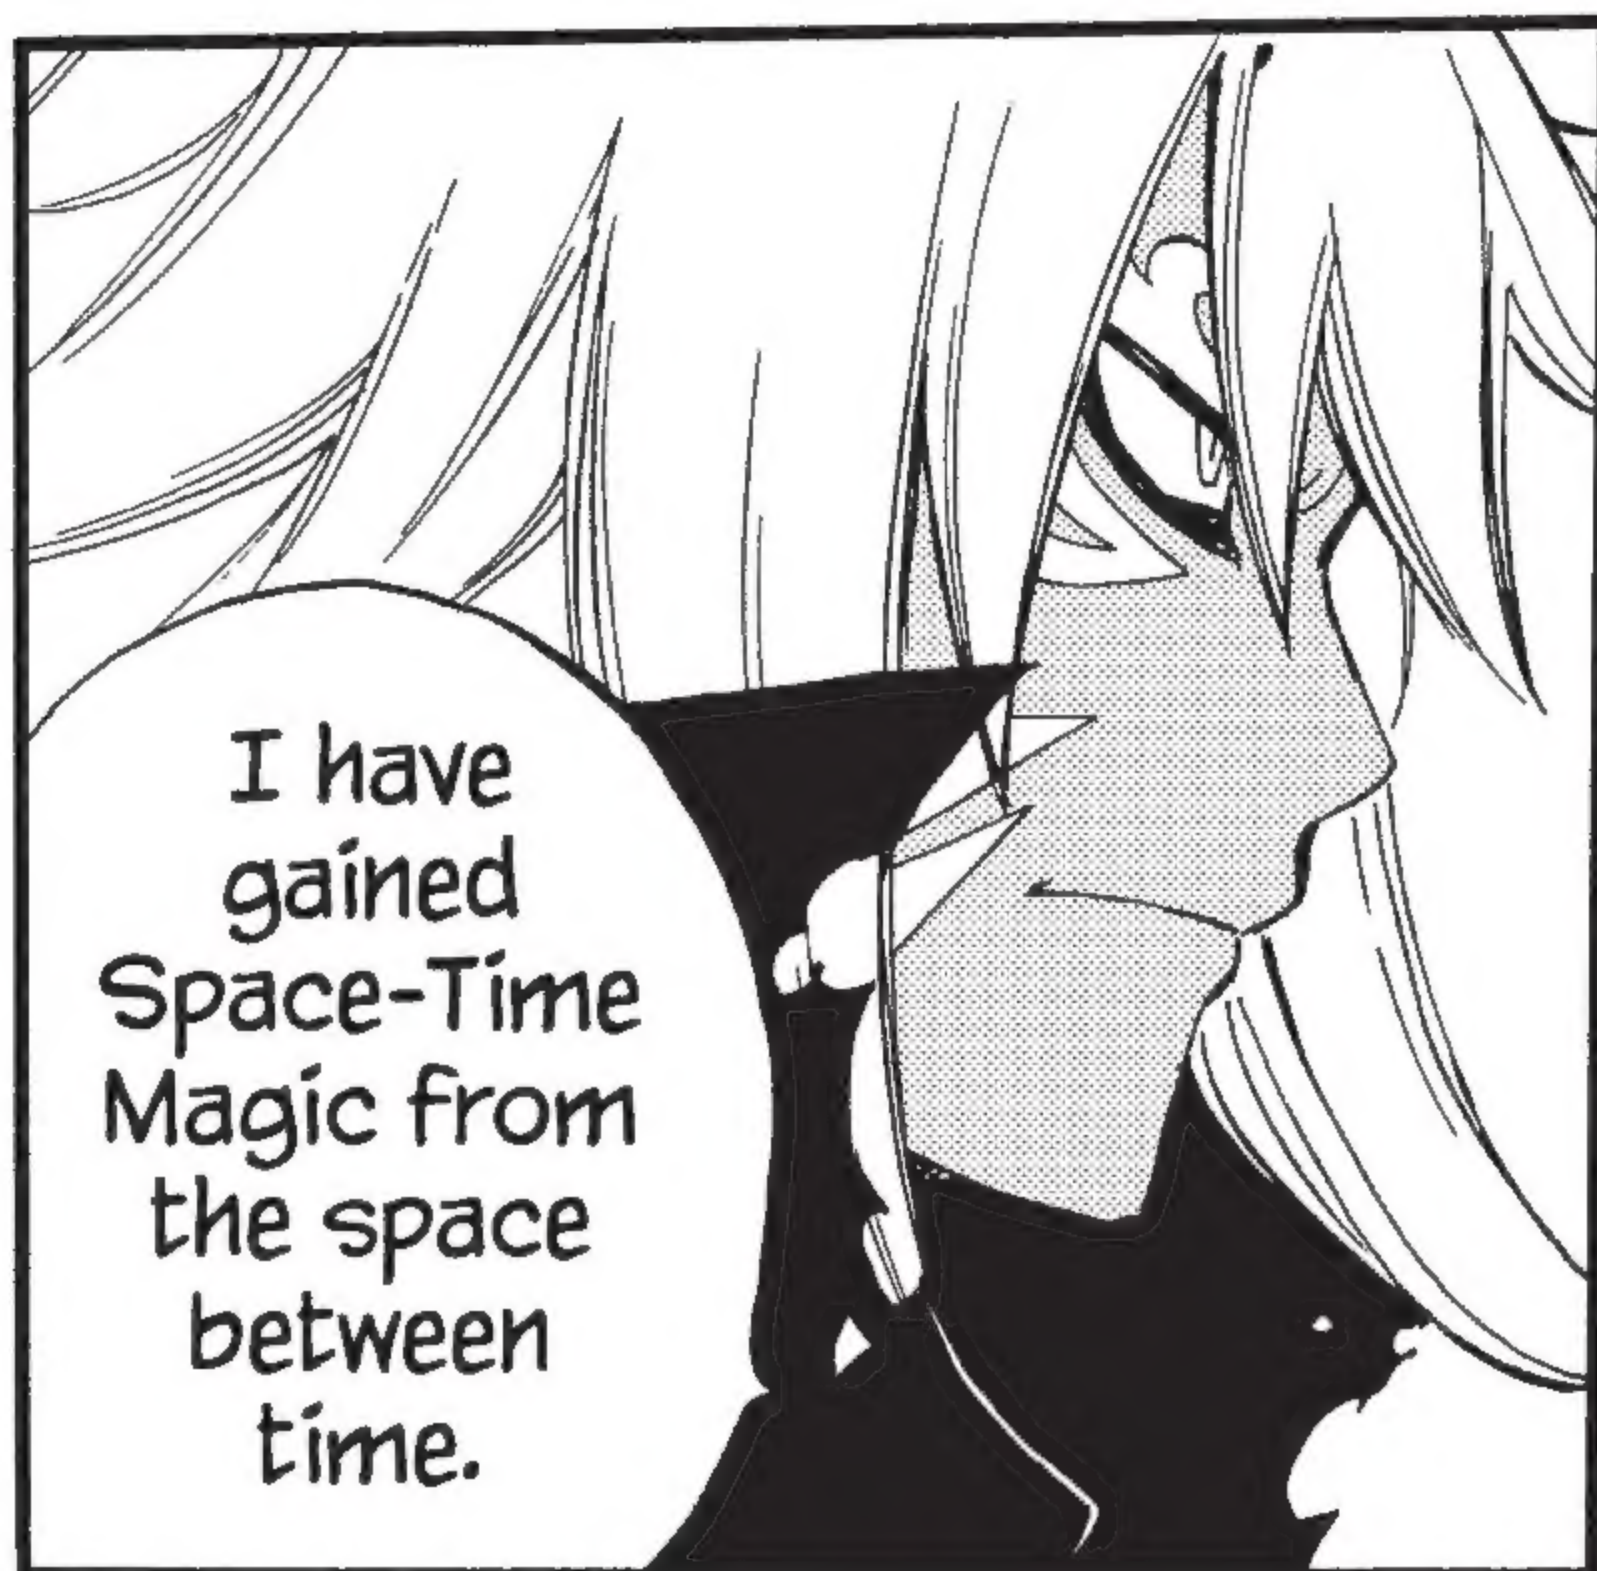

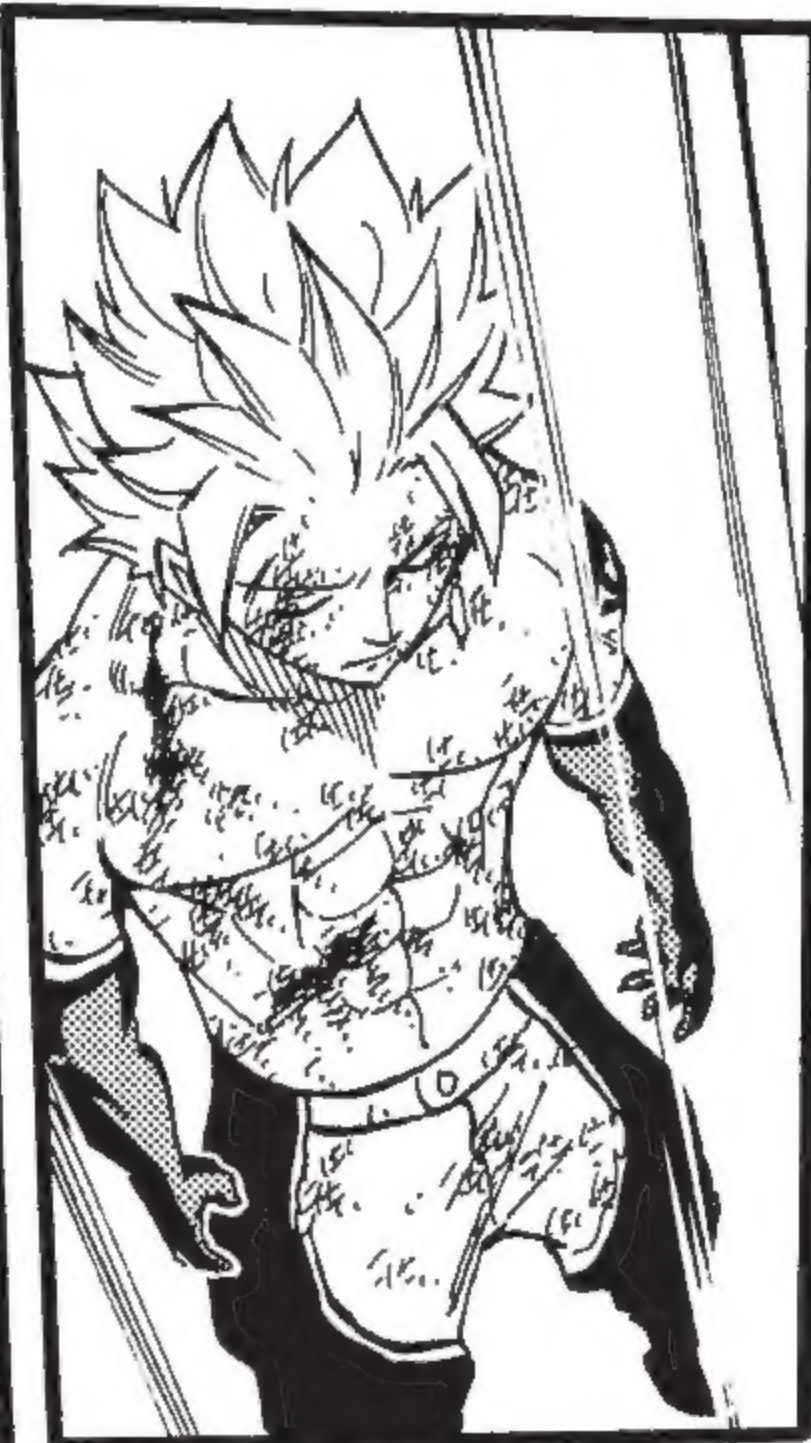

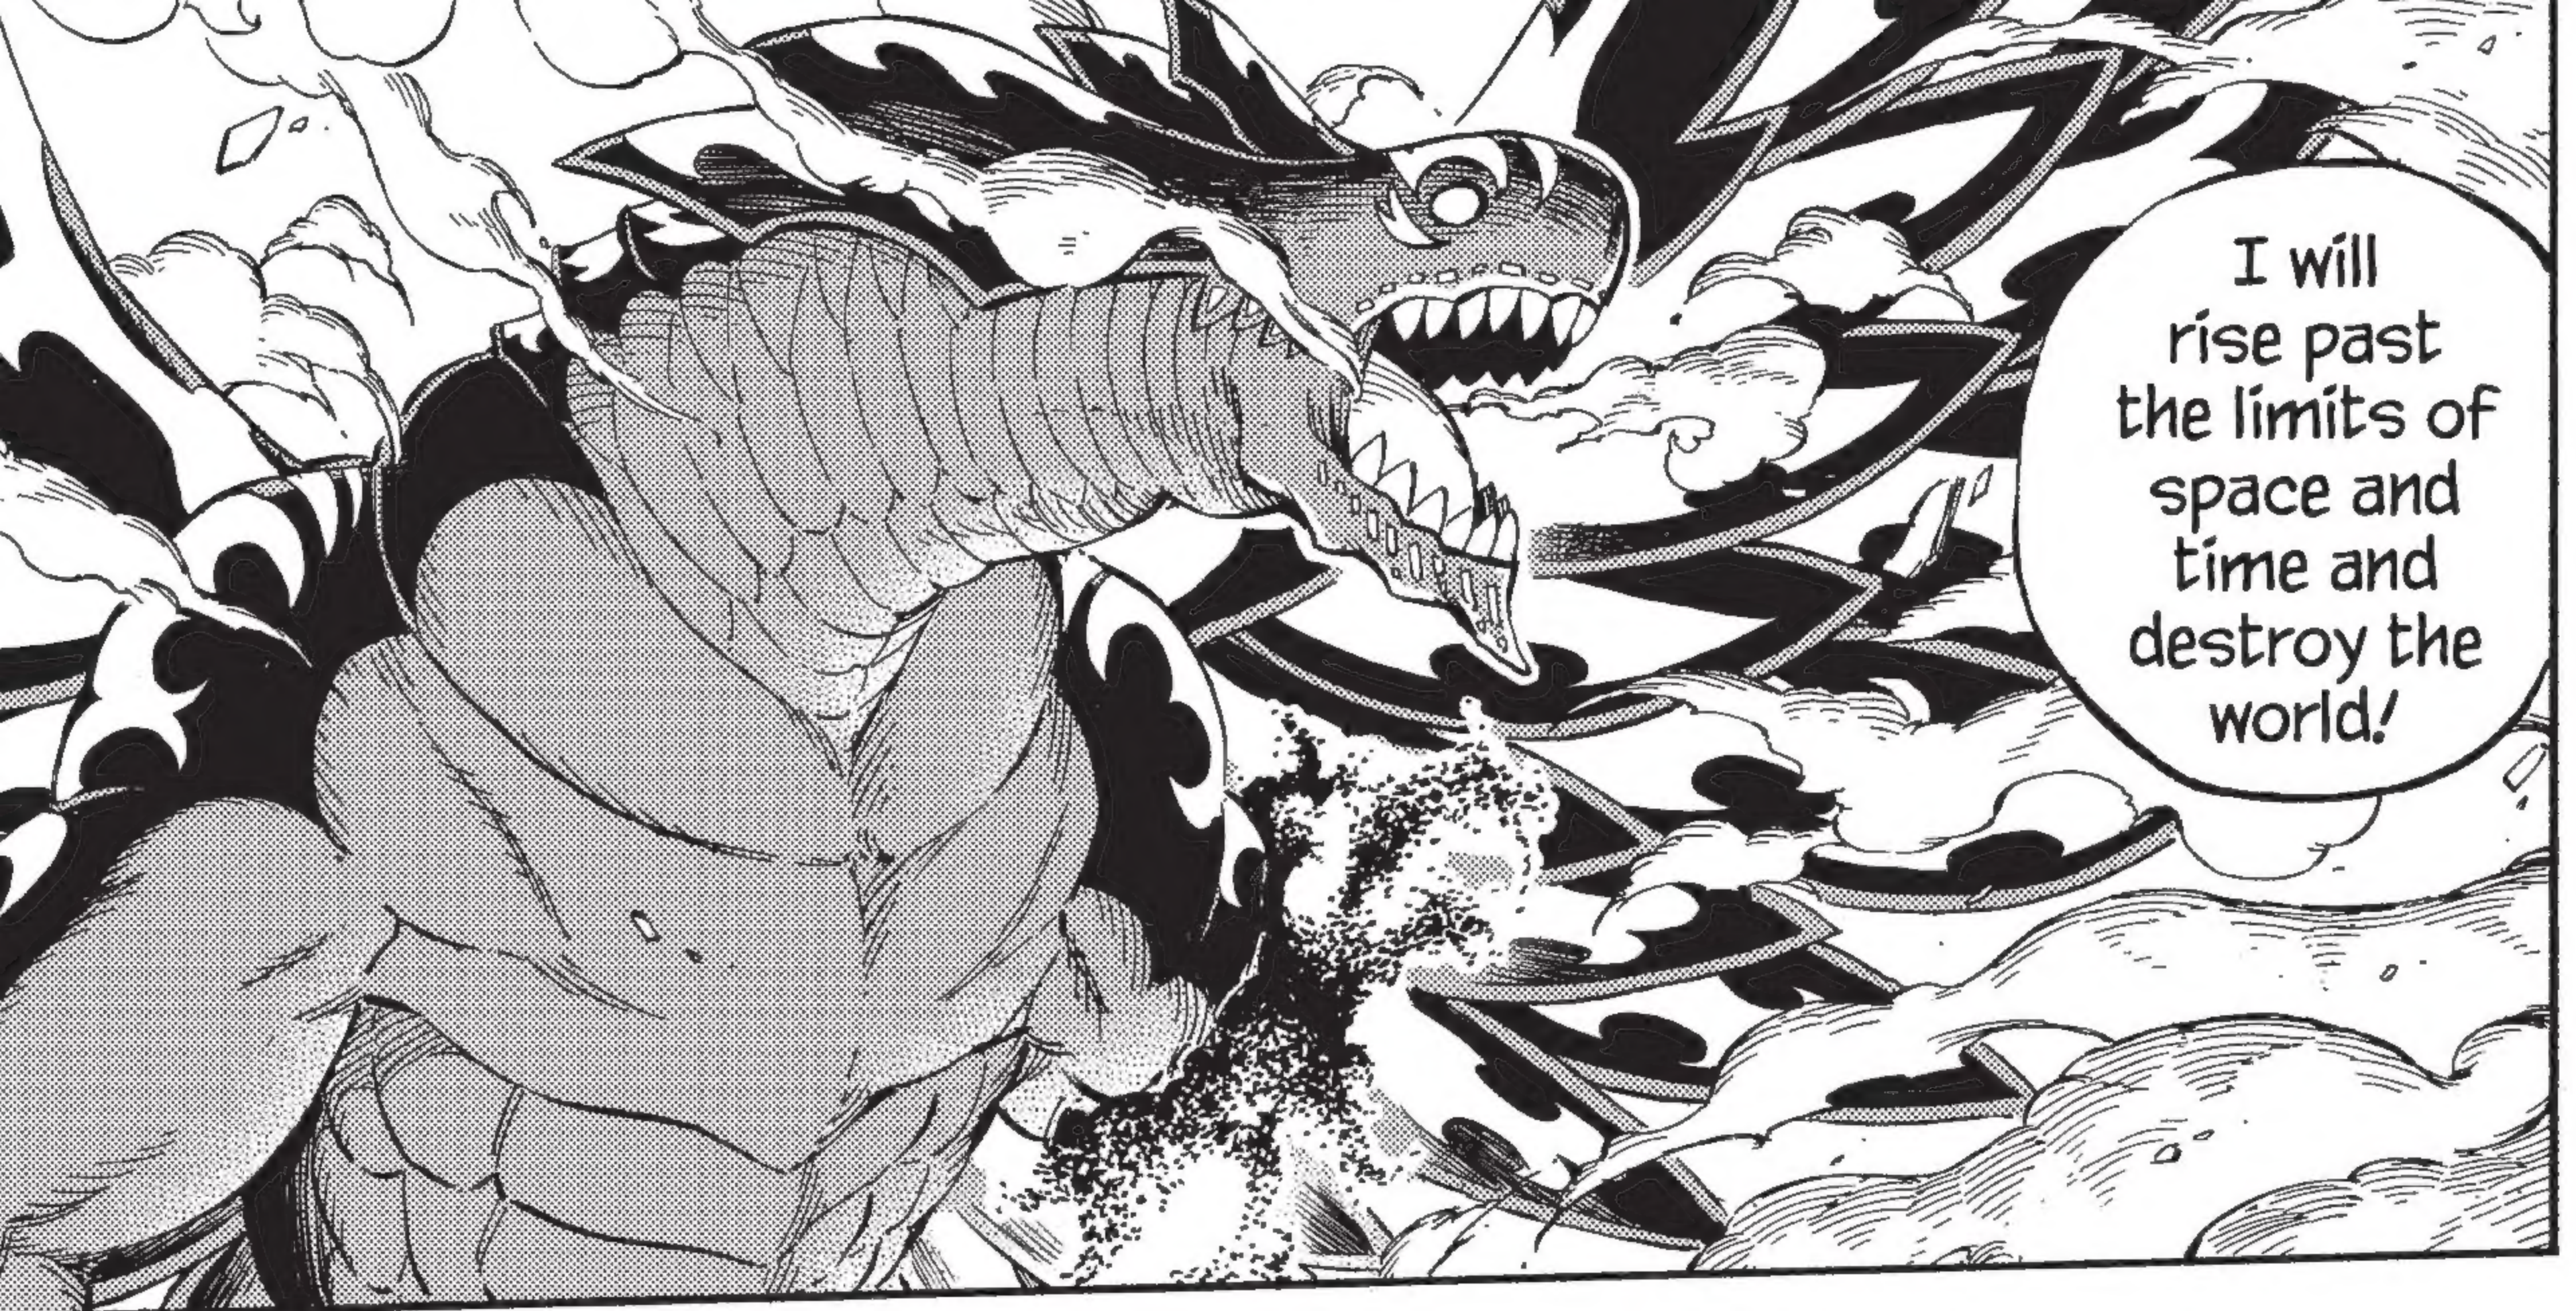

STORY
THUS
FAR.

The black dragon Acnologia should have been engulfed permanently in the space between time, but he managed to make it back! And his goal is to complete the dragon slaying task. To that end, he's sucked all of the Dragon Slayers into the space between time: Wendy, Gajeel, Laxus...even Natsu, who was thought to have vanished with his Book of E.N.D.! Natsu now finds himself confronted with Acnologia!

I will
rise past
the limits of
space and
time and
destroy the
world!

And here,
in the space
between time,
I will slay
you, the final
dragons.

You will...

...become a
permanent
fixture here.

Just shut
up already!

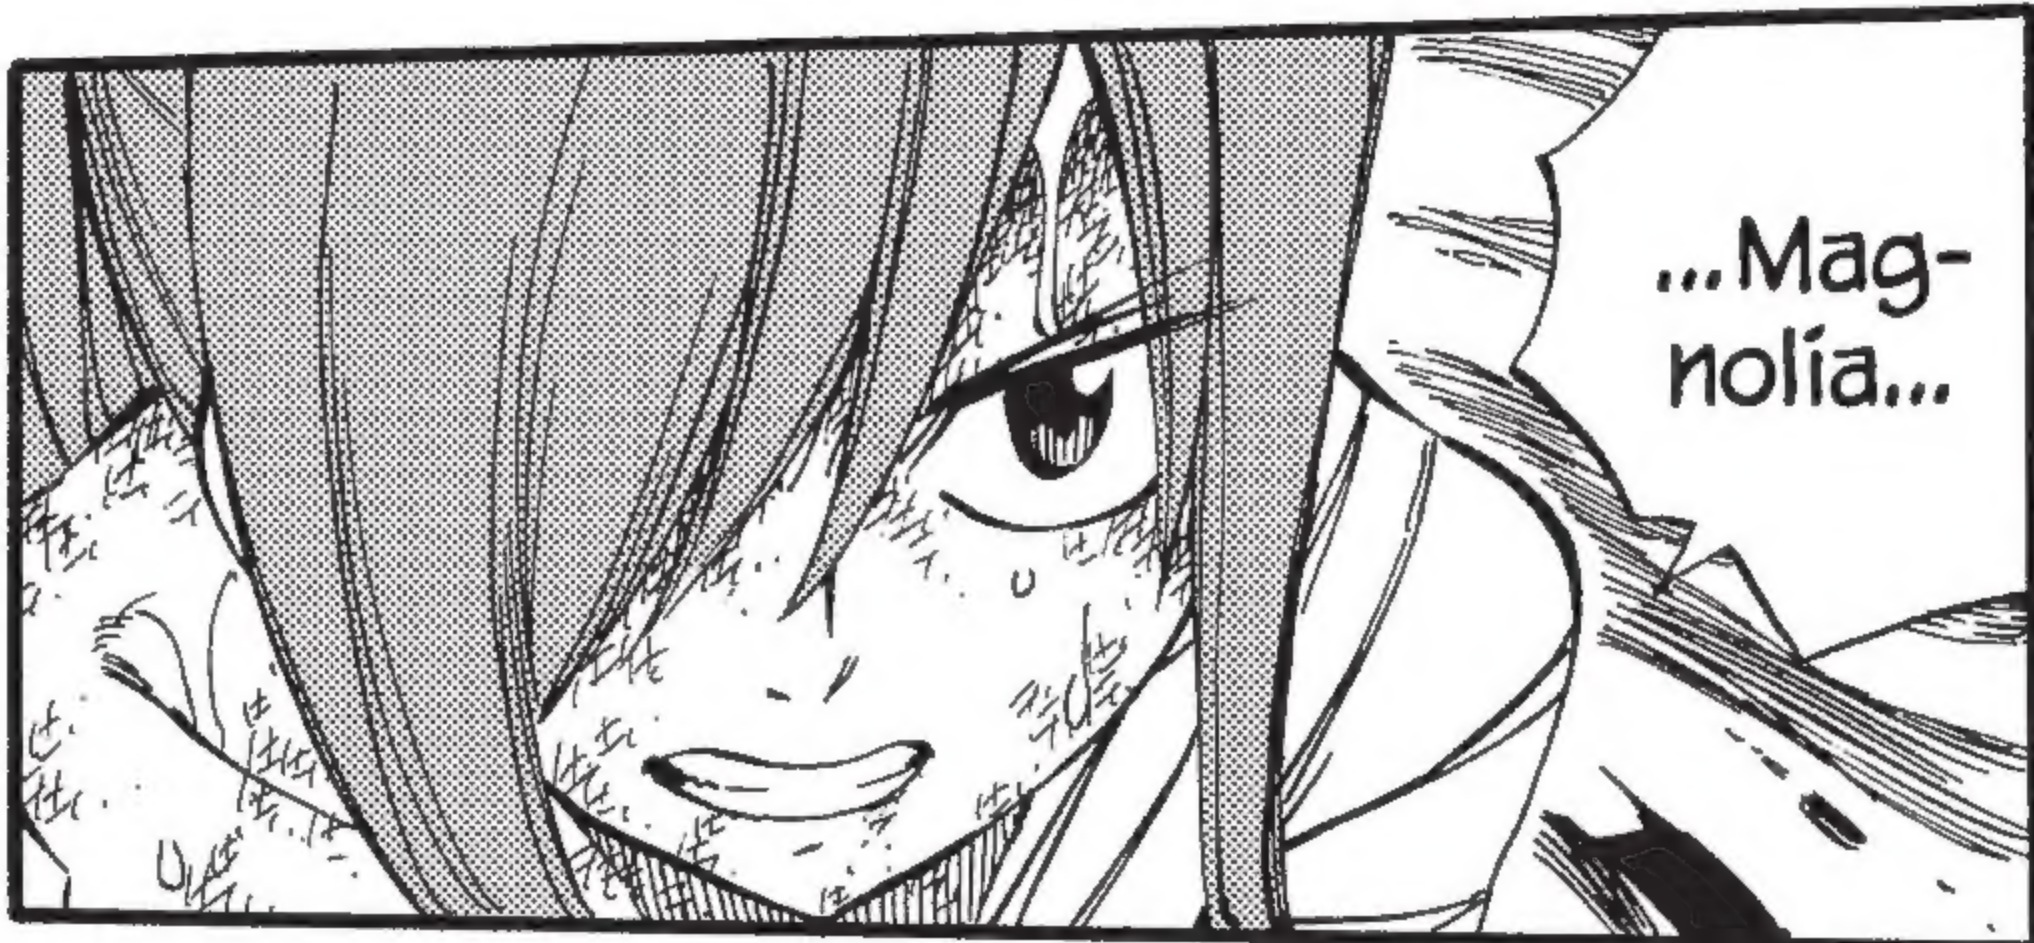

Acnologia, are
you running
away?!

Where
did you take
Wendy?!!

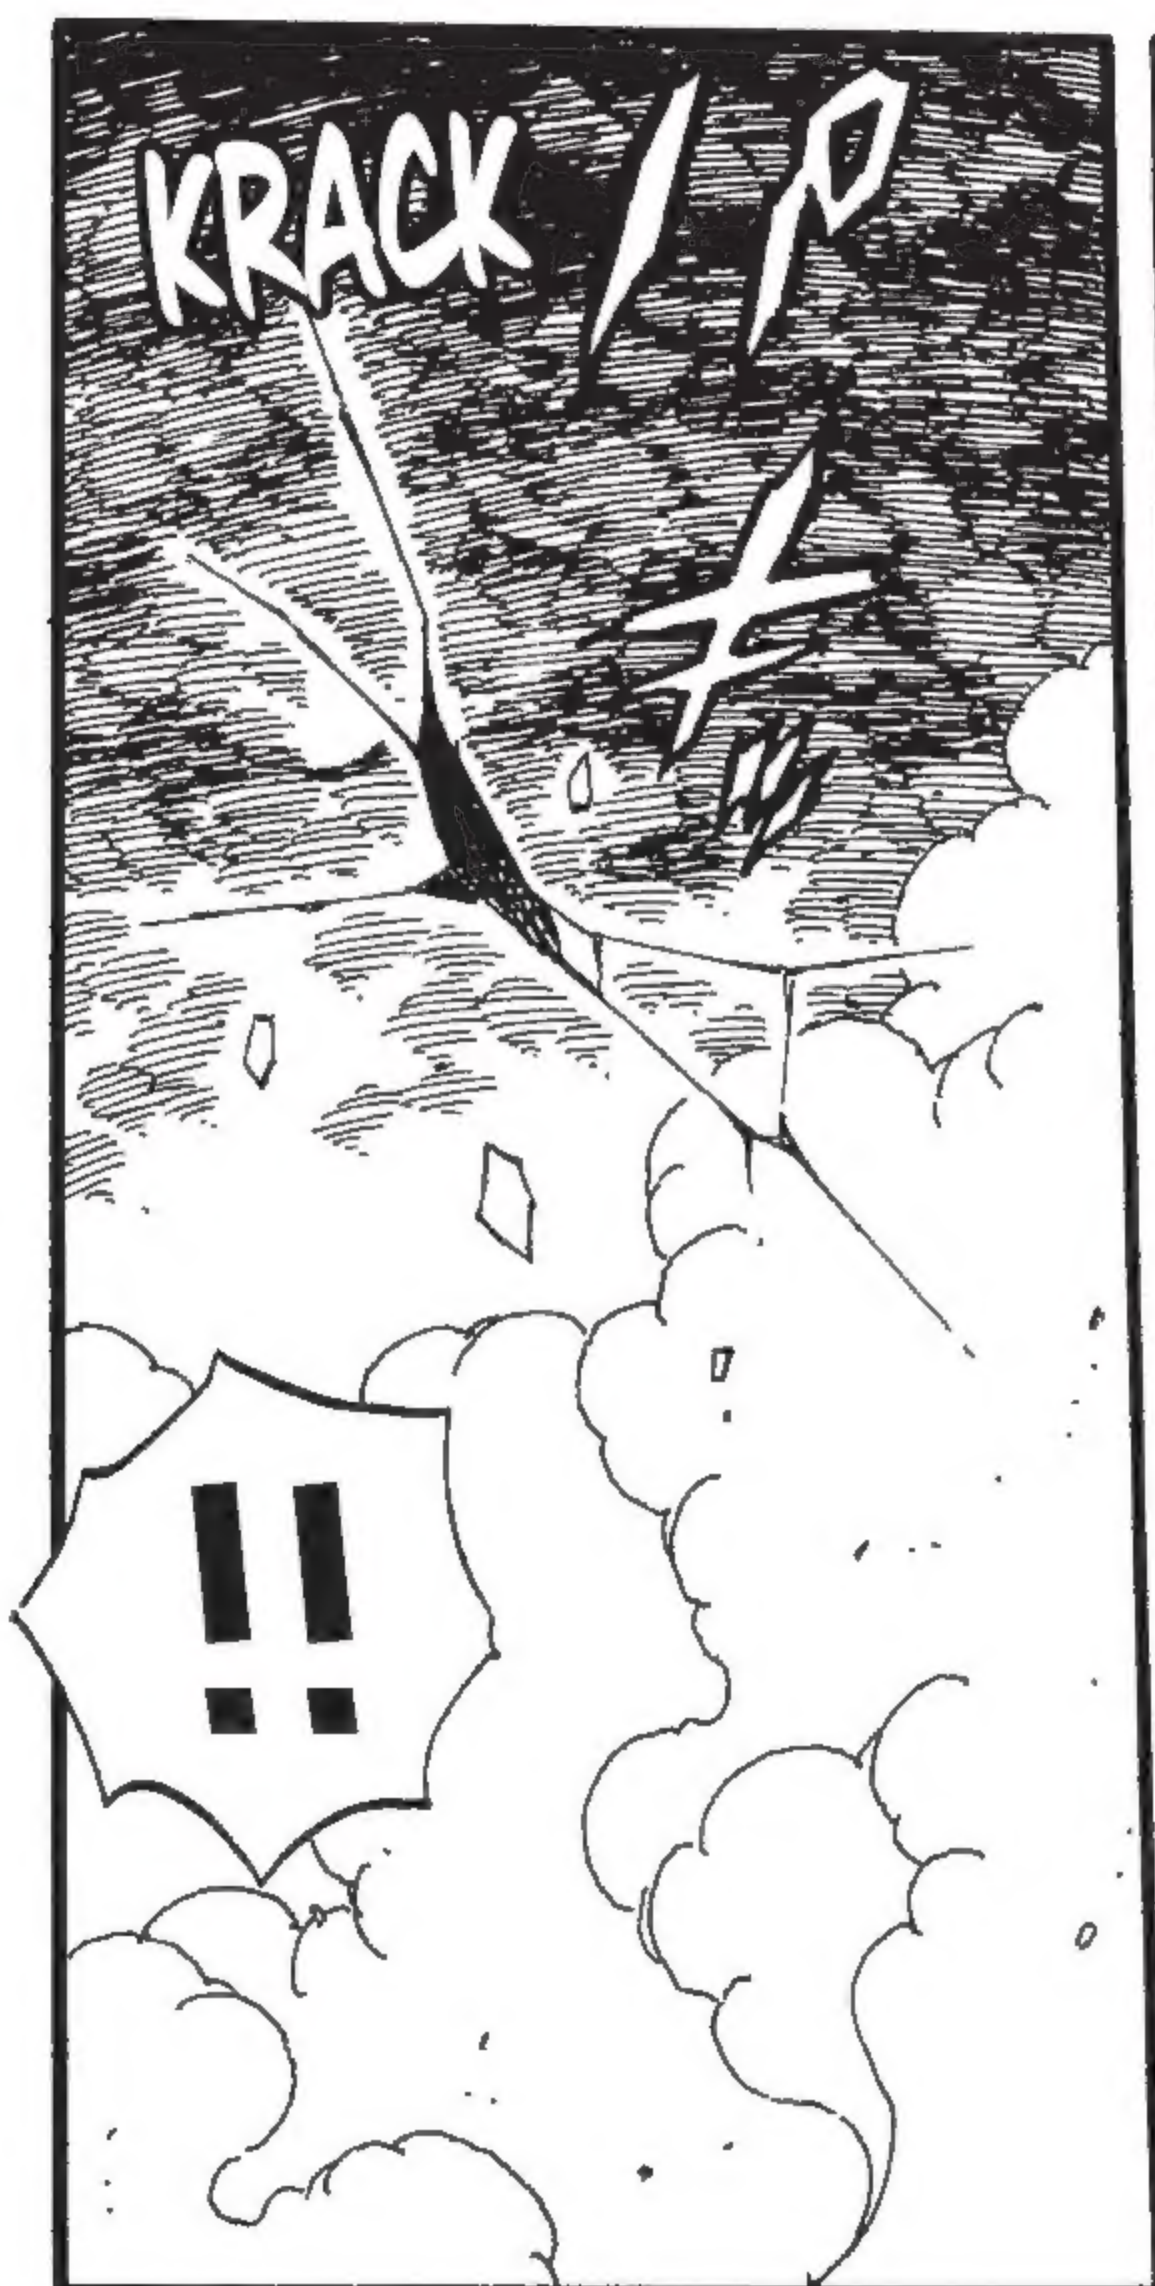

GWOOOOH

...Mag-
nolia...

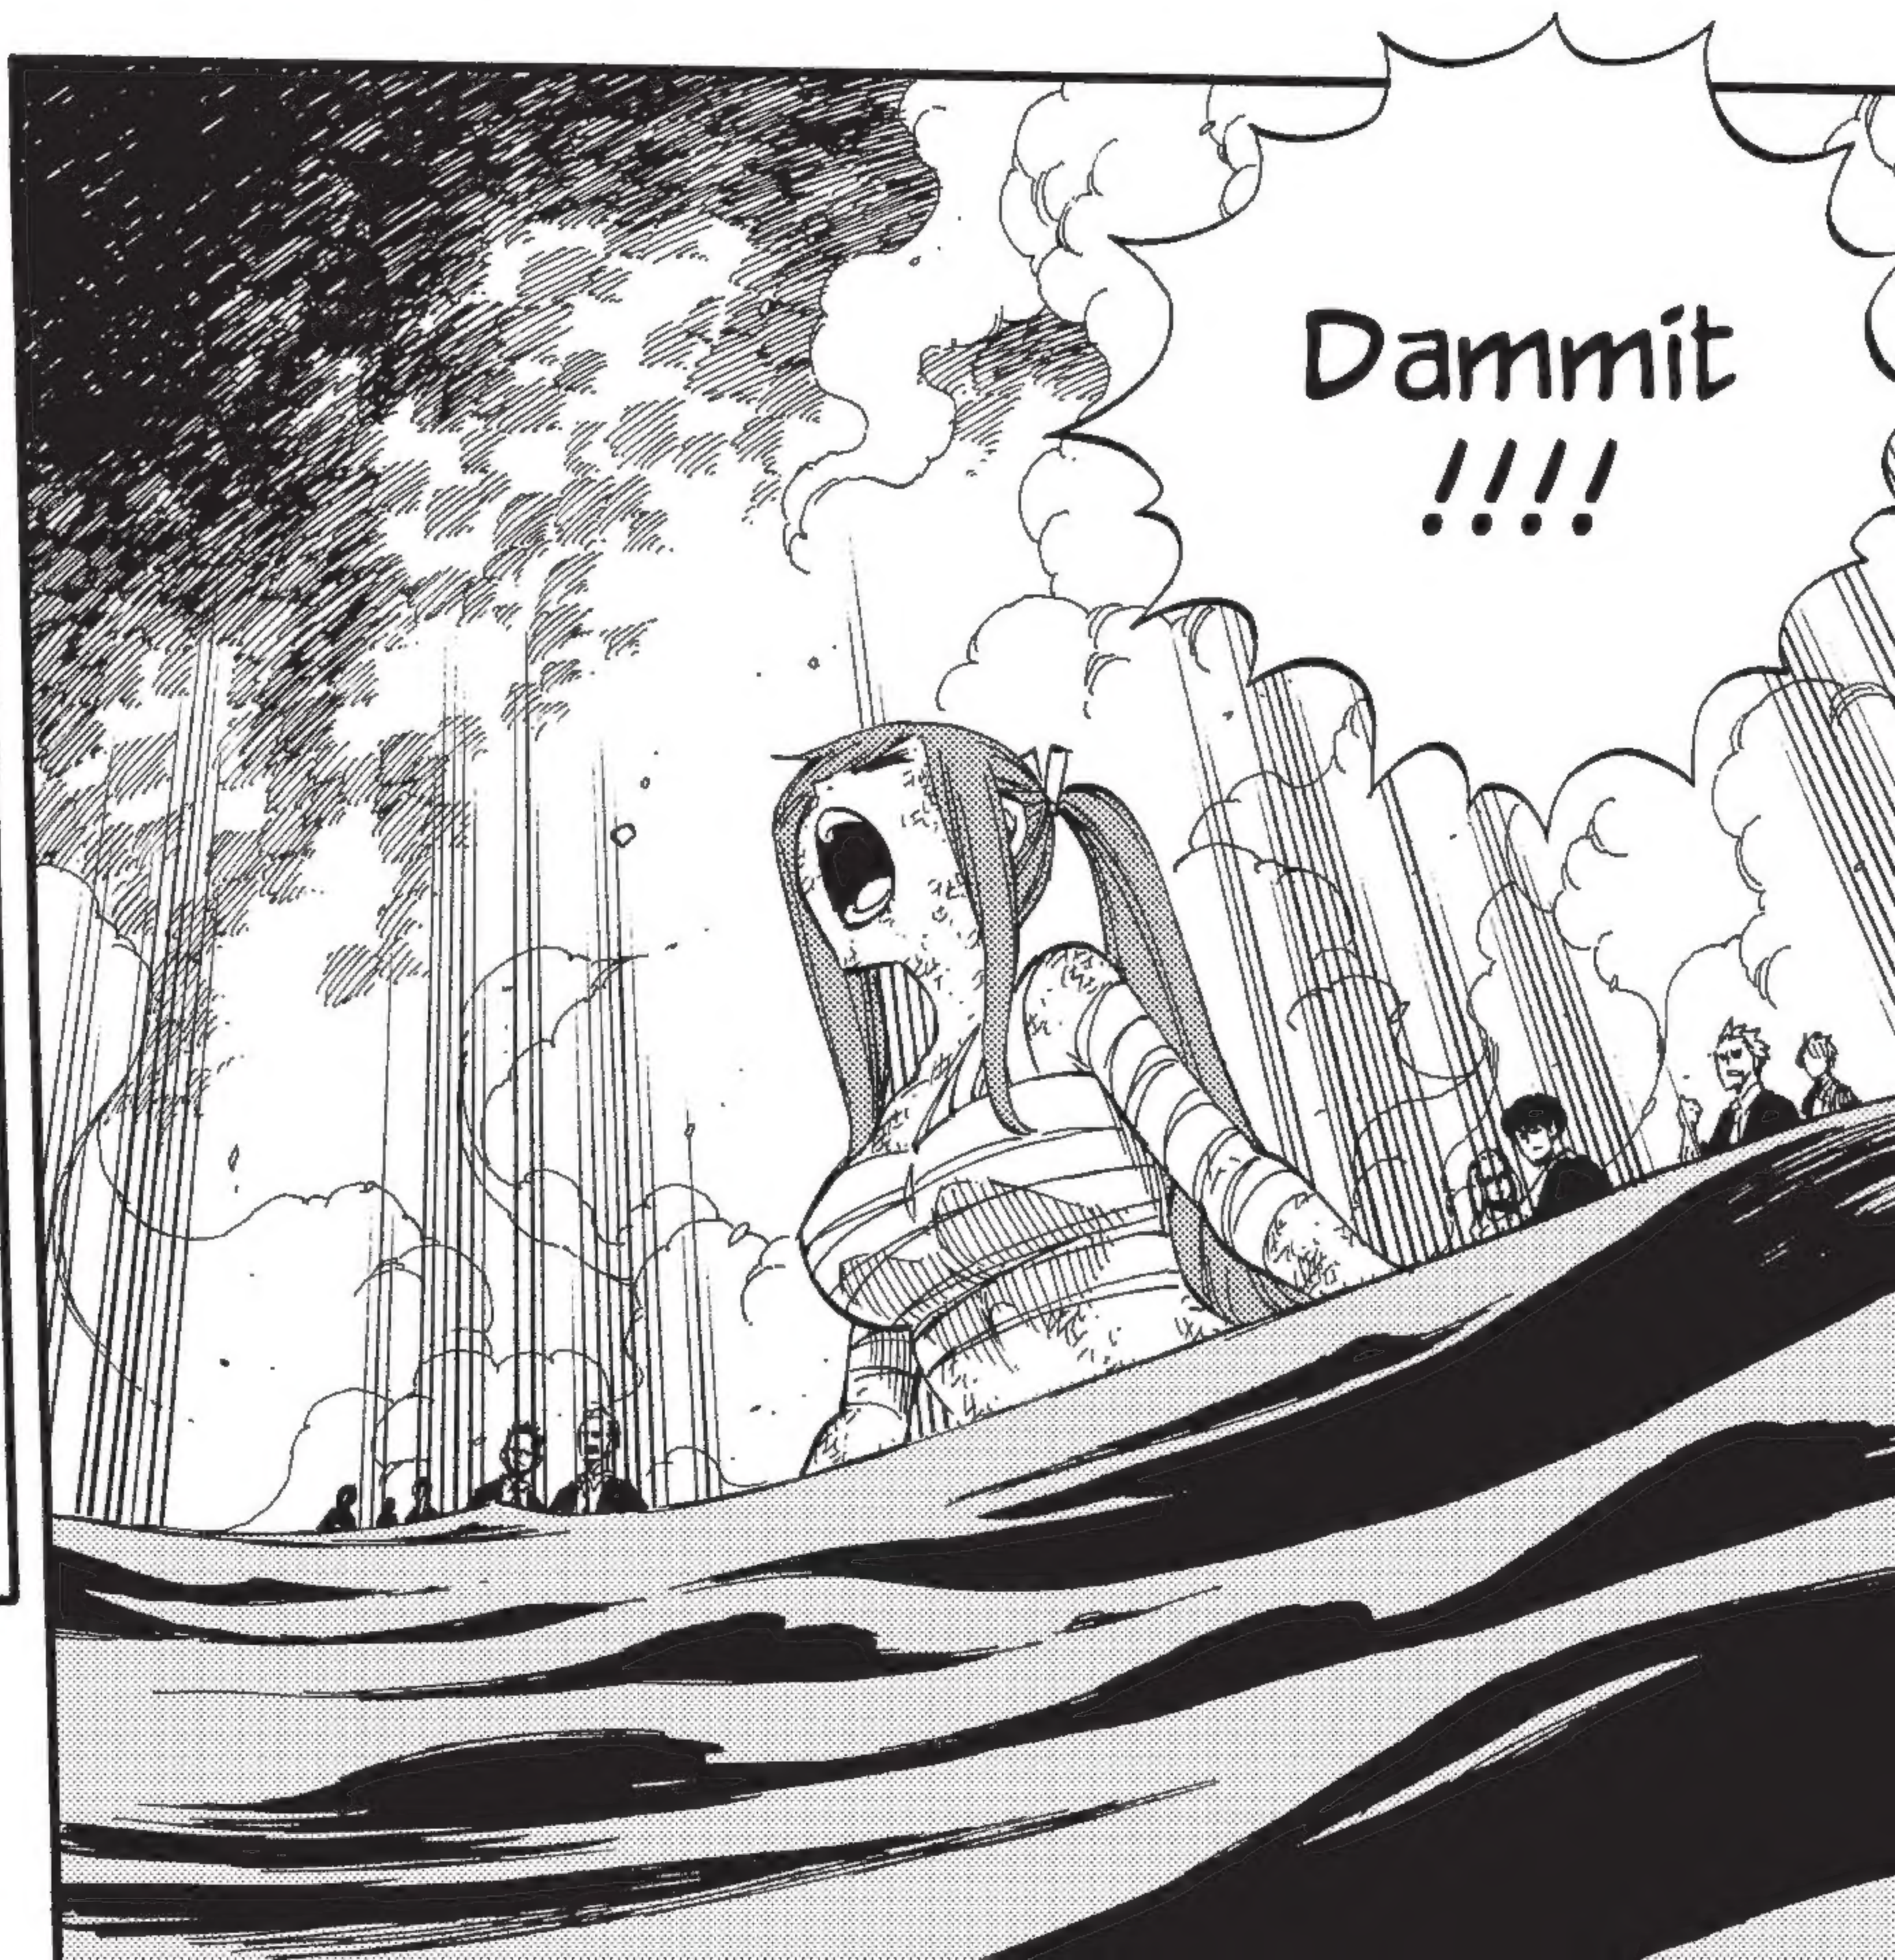

He's
heading
toward...

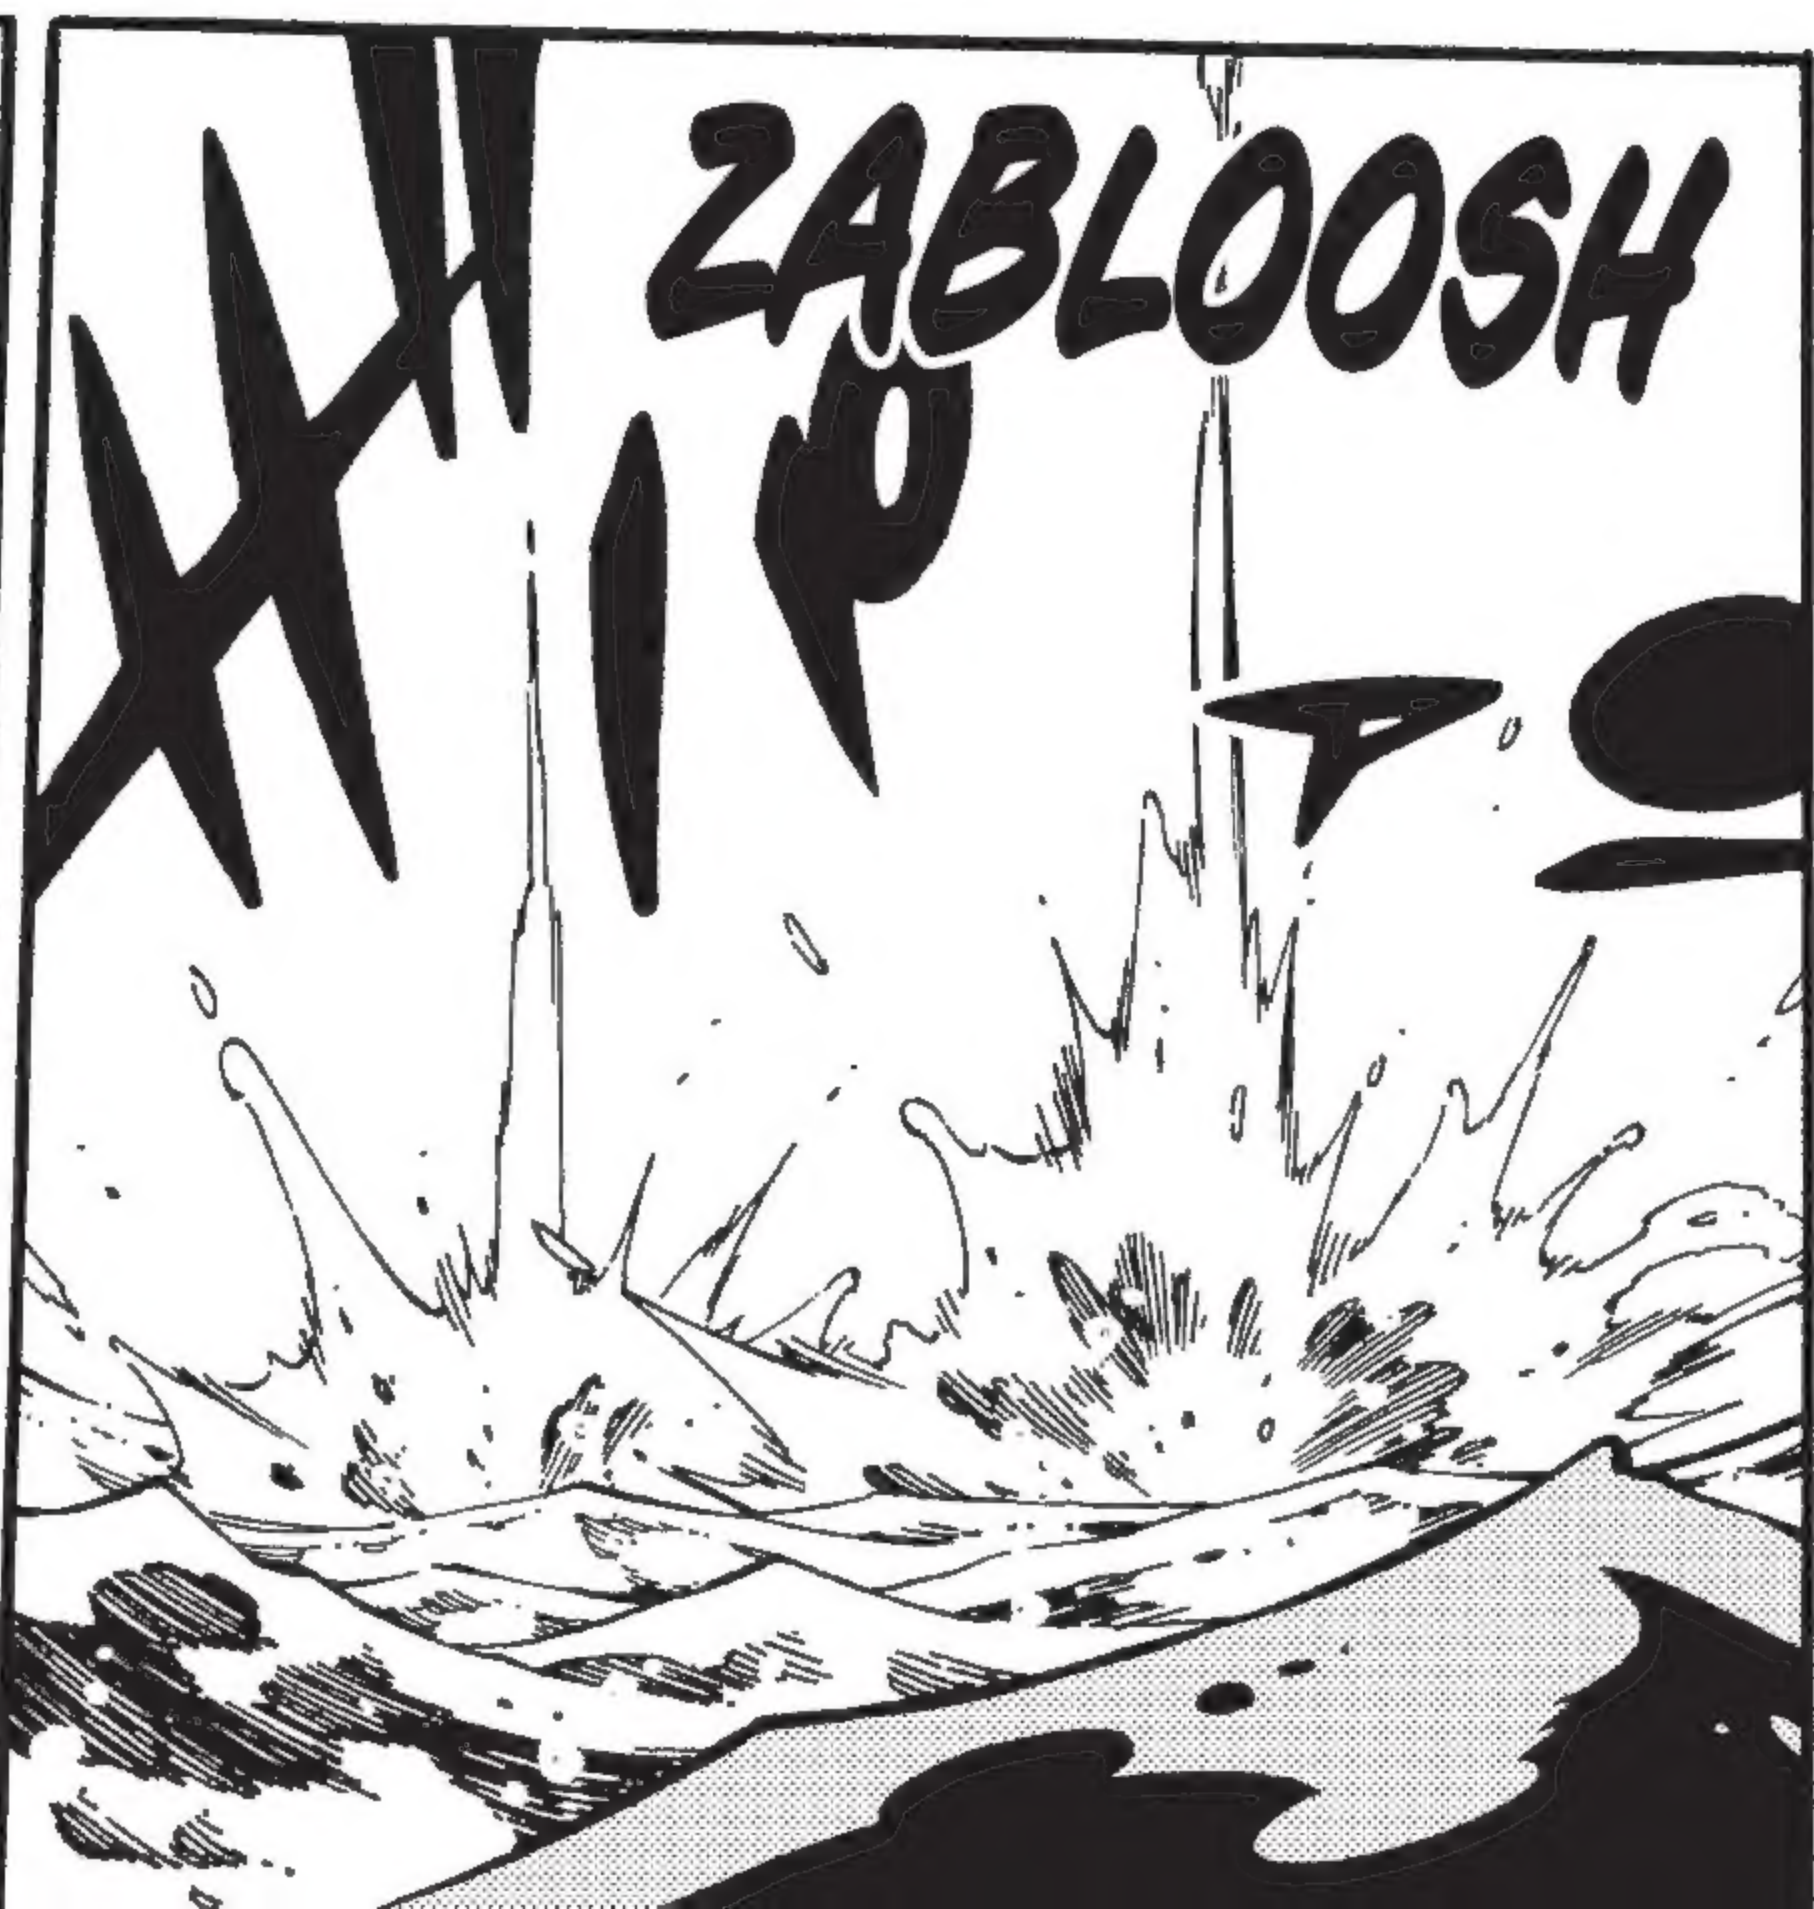

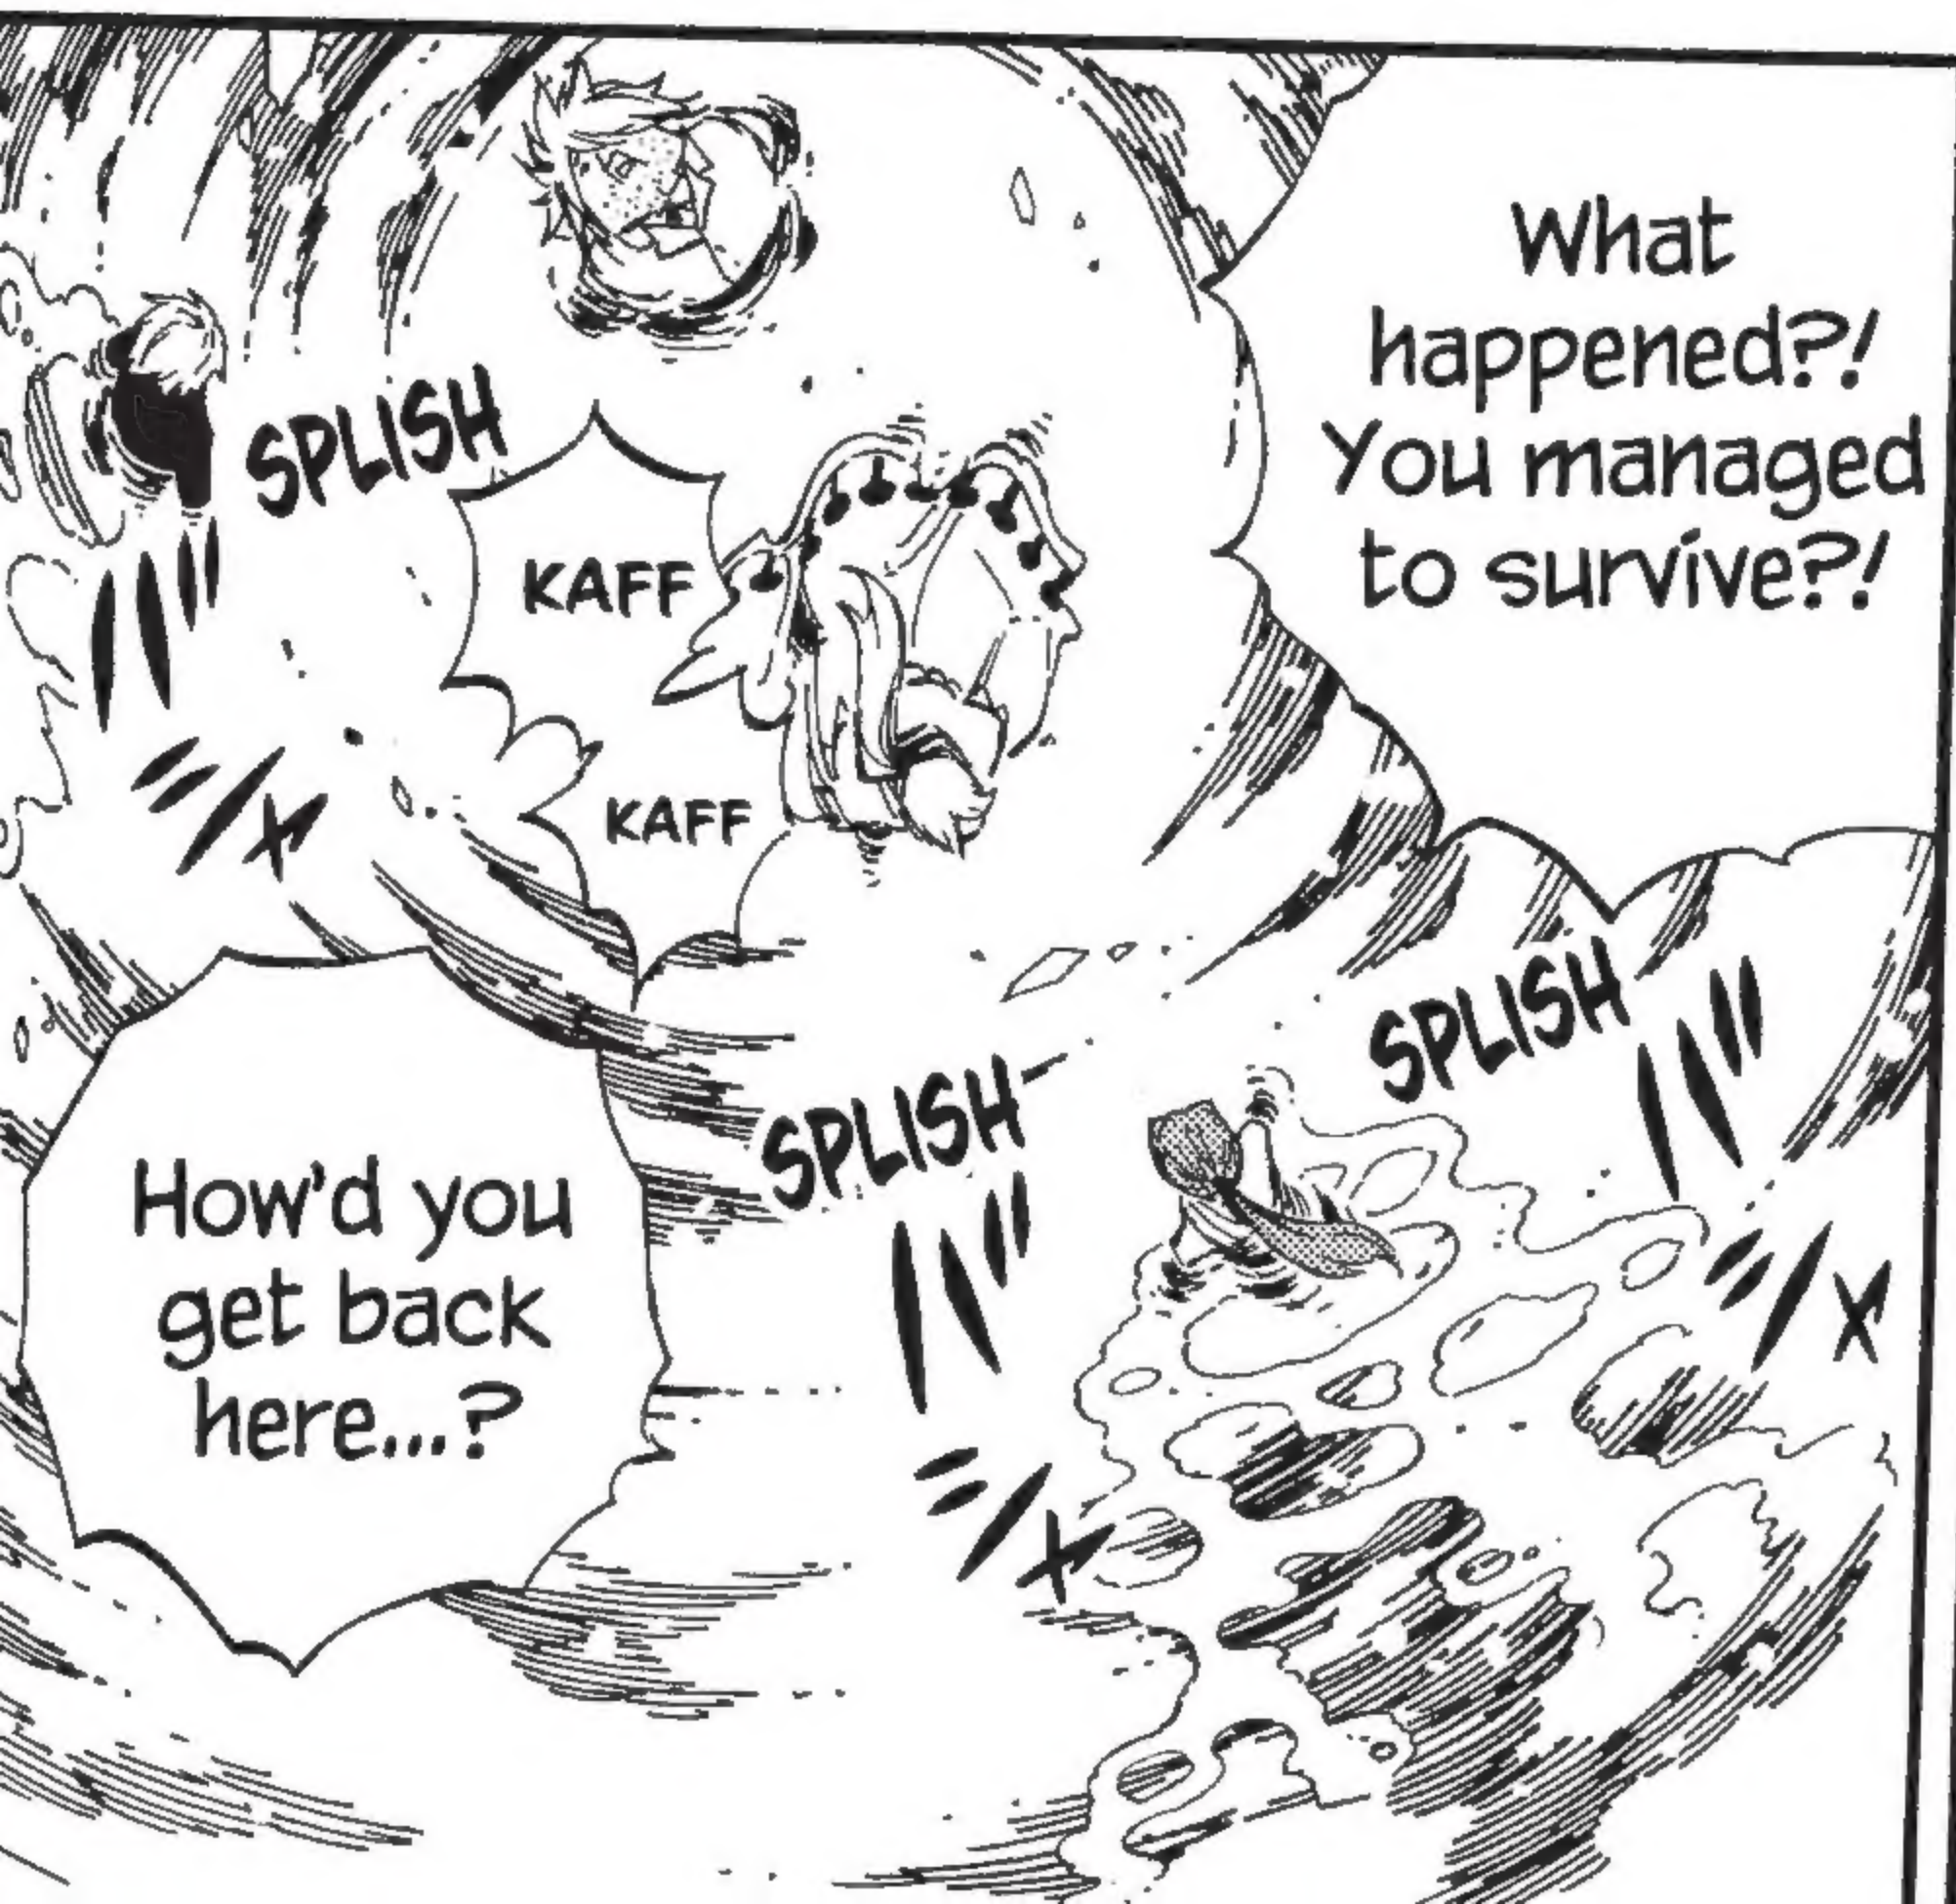

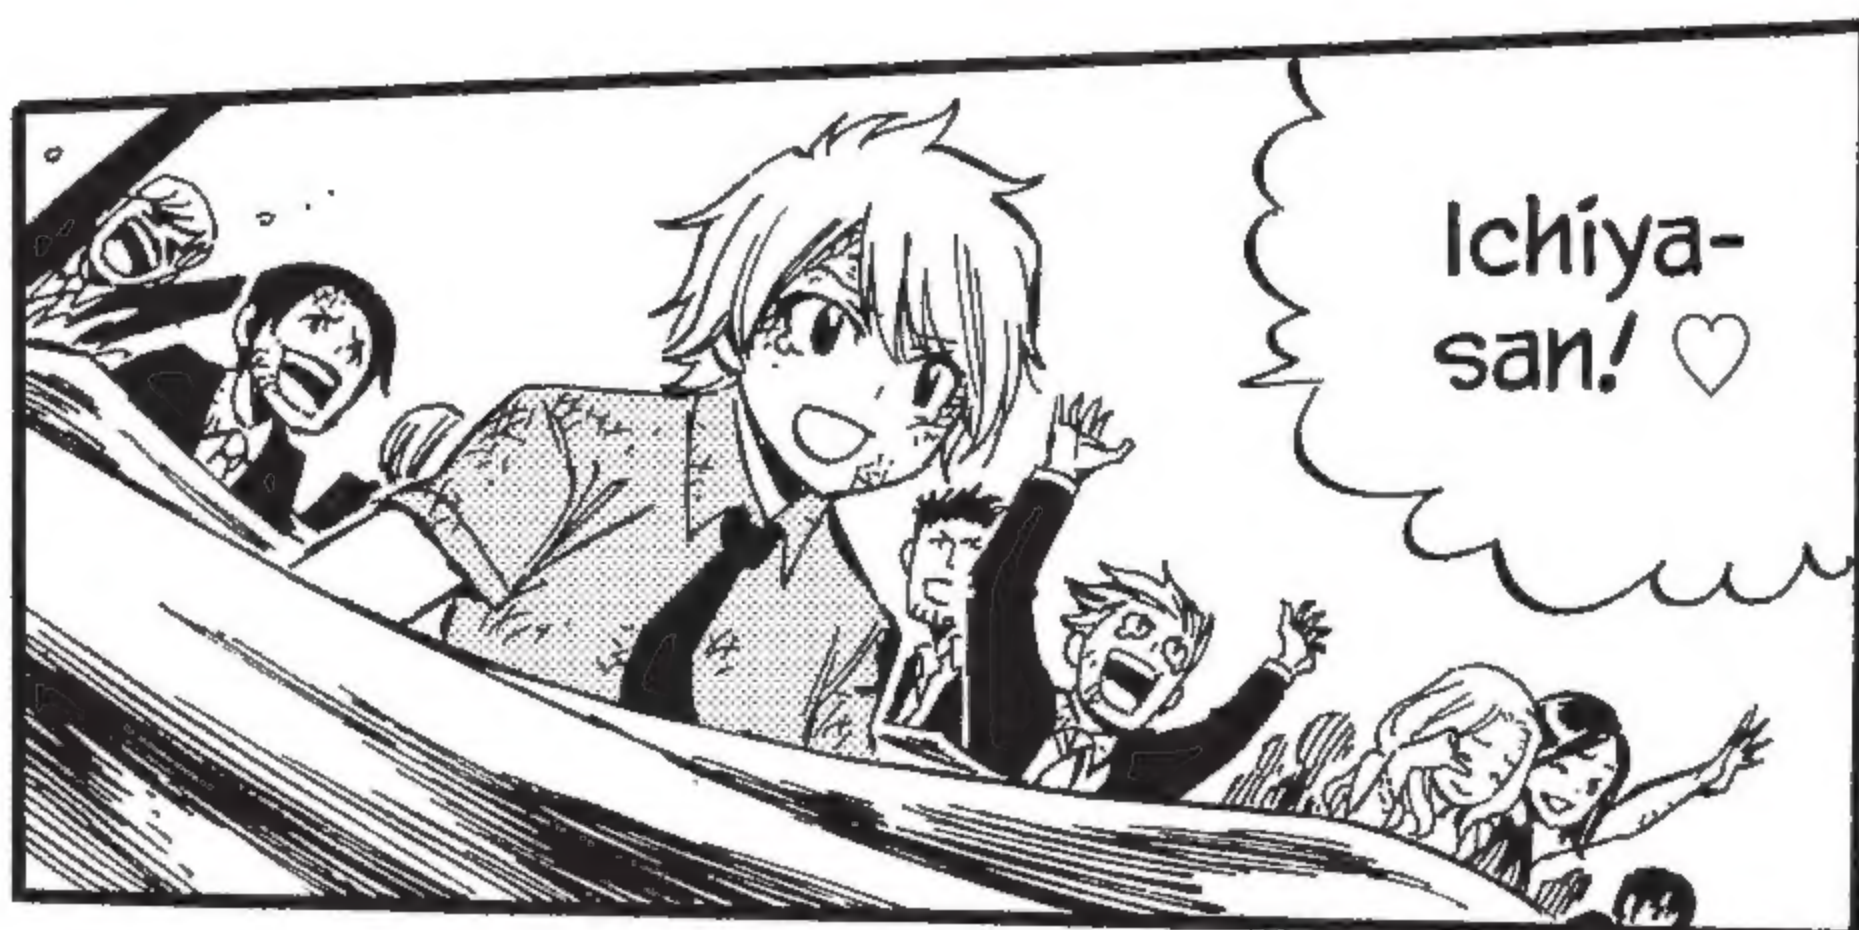

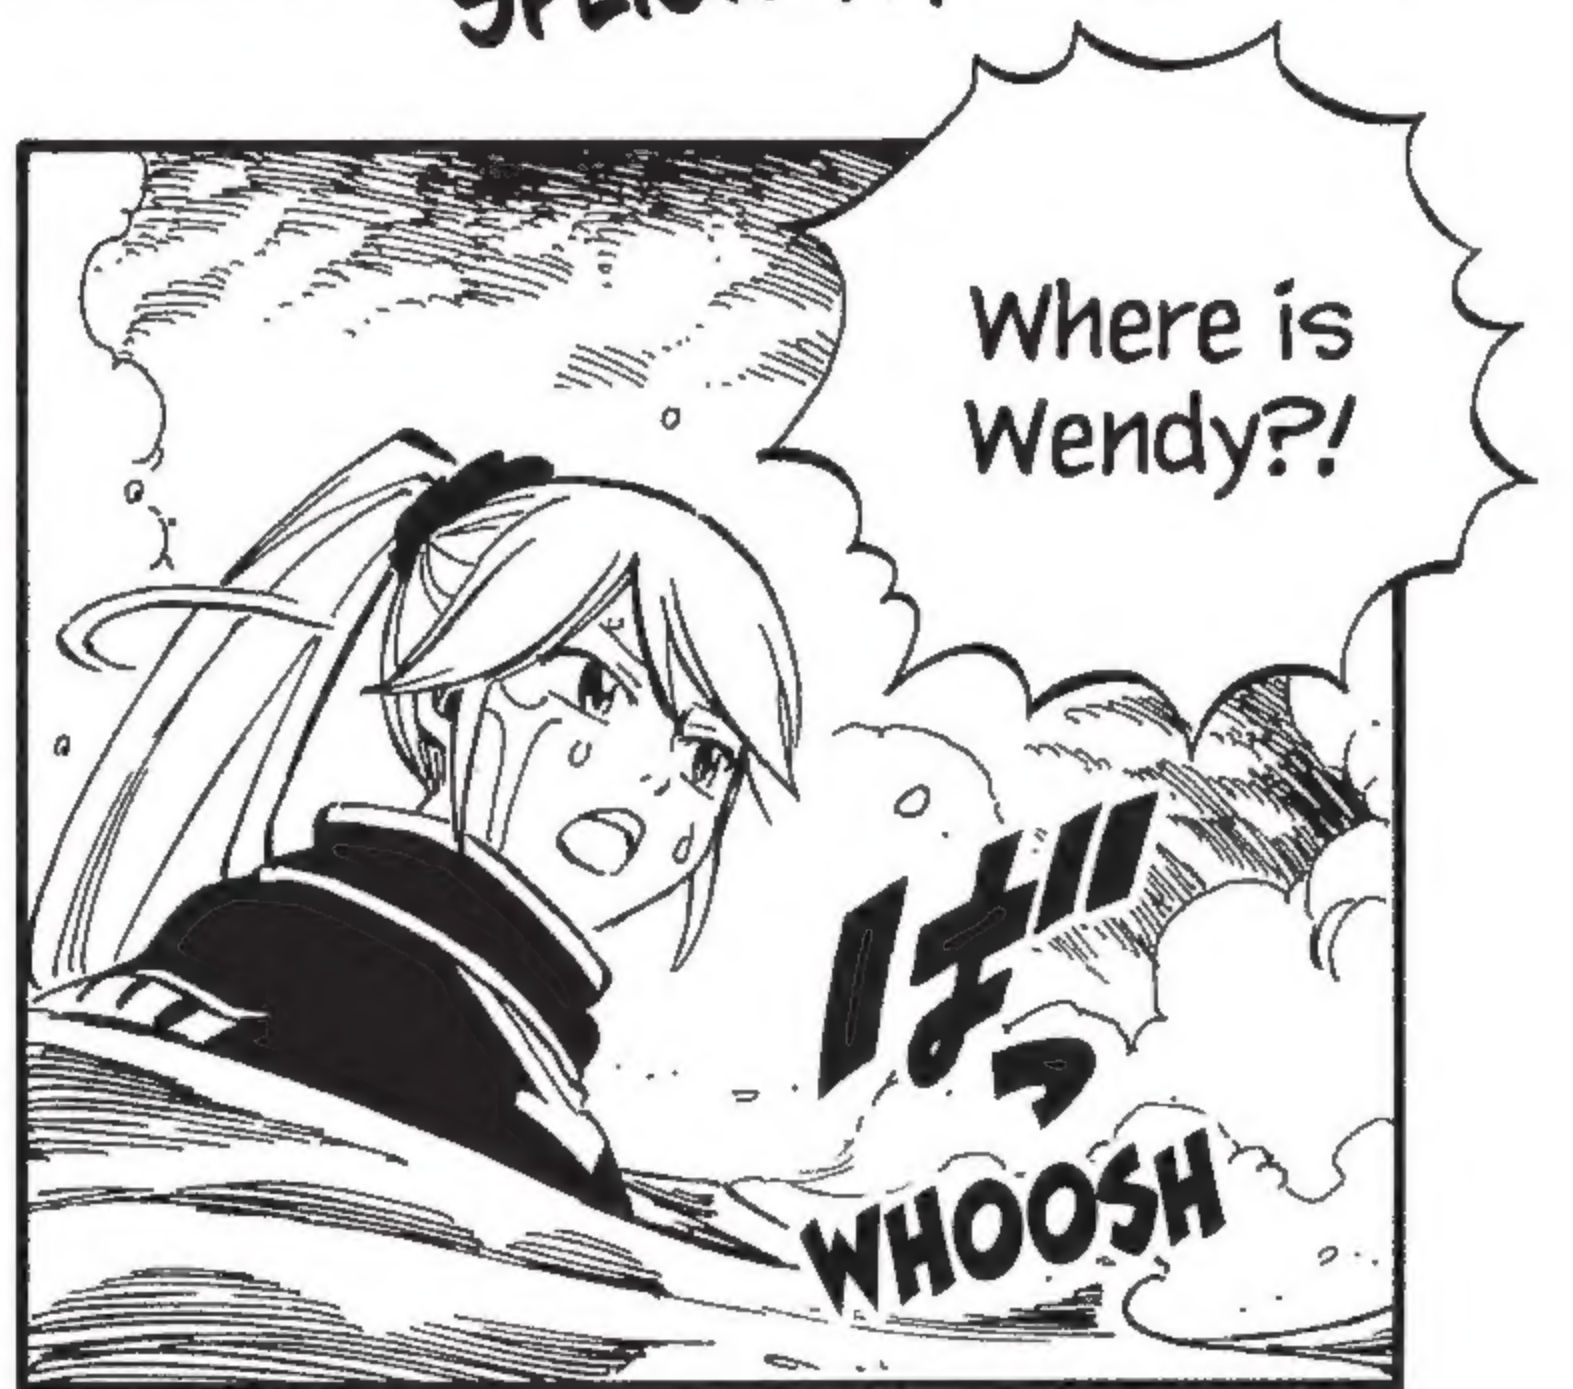

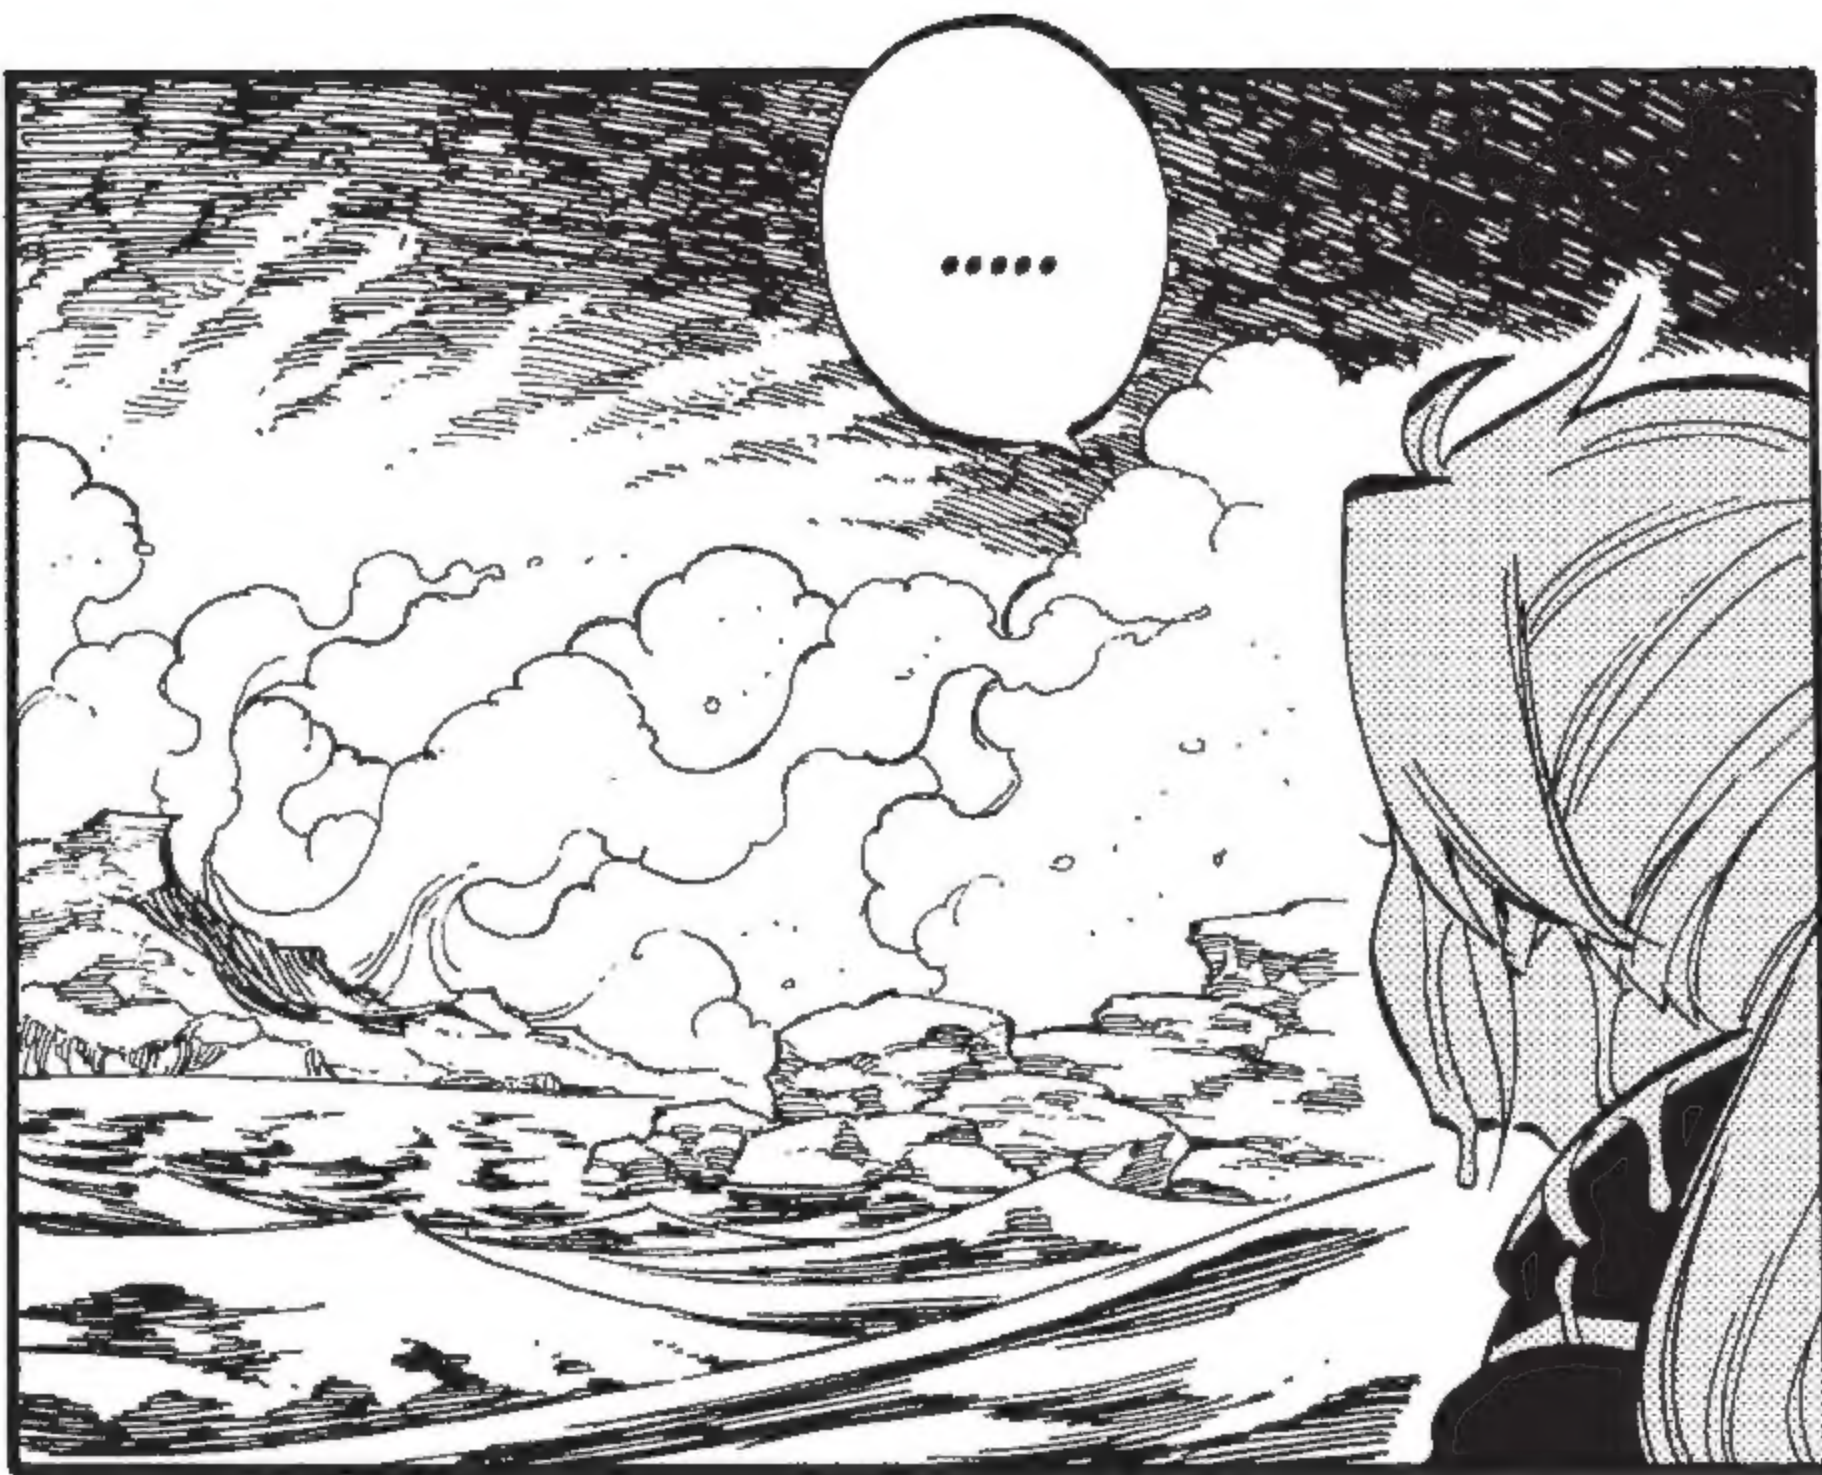

KRACK / P

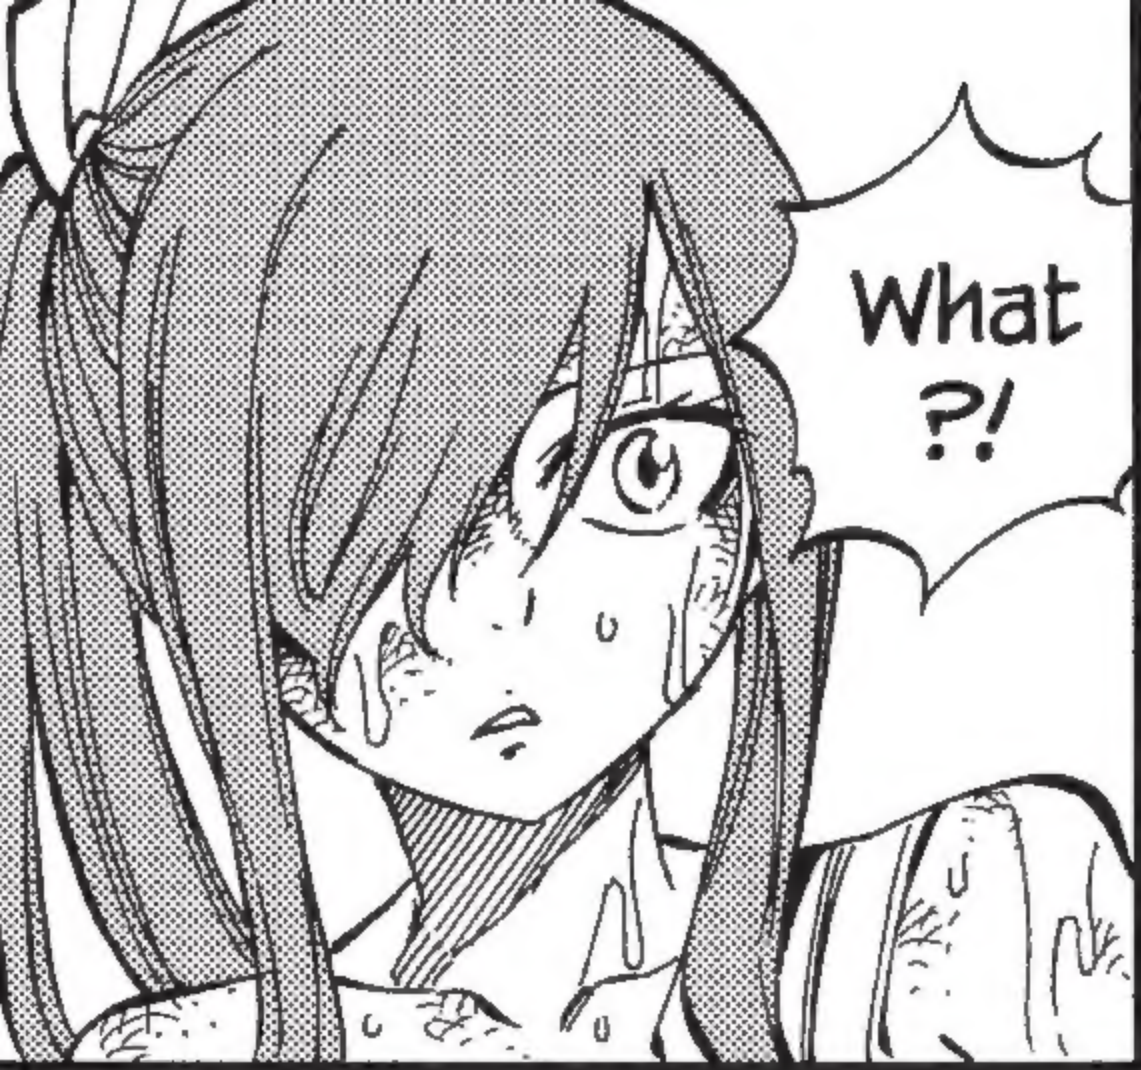

!!

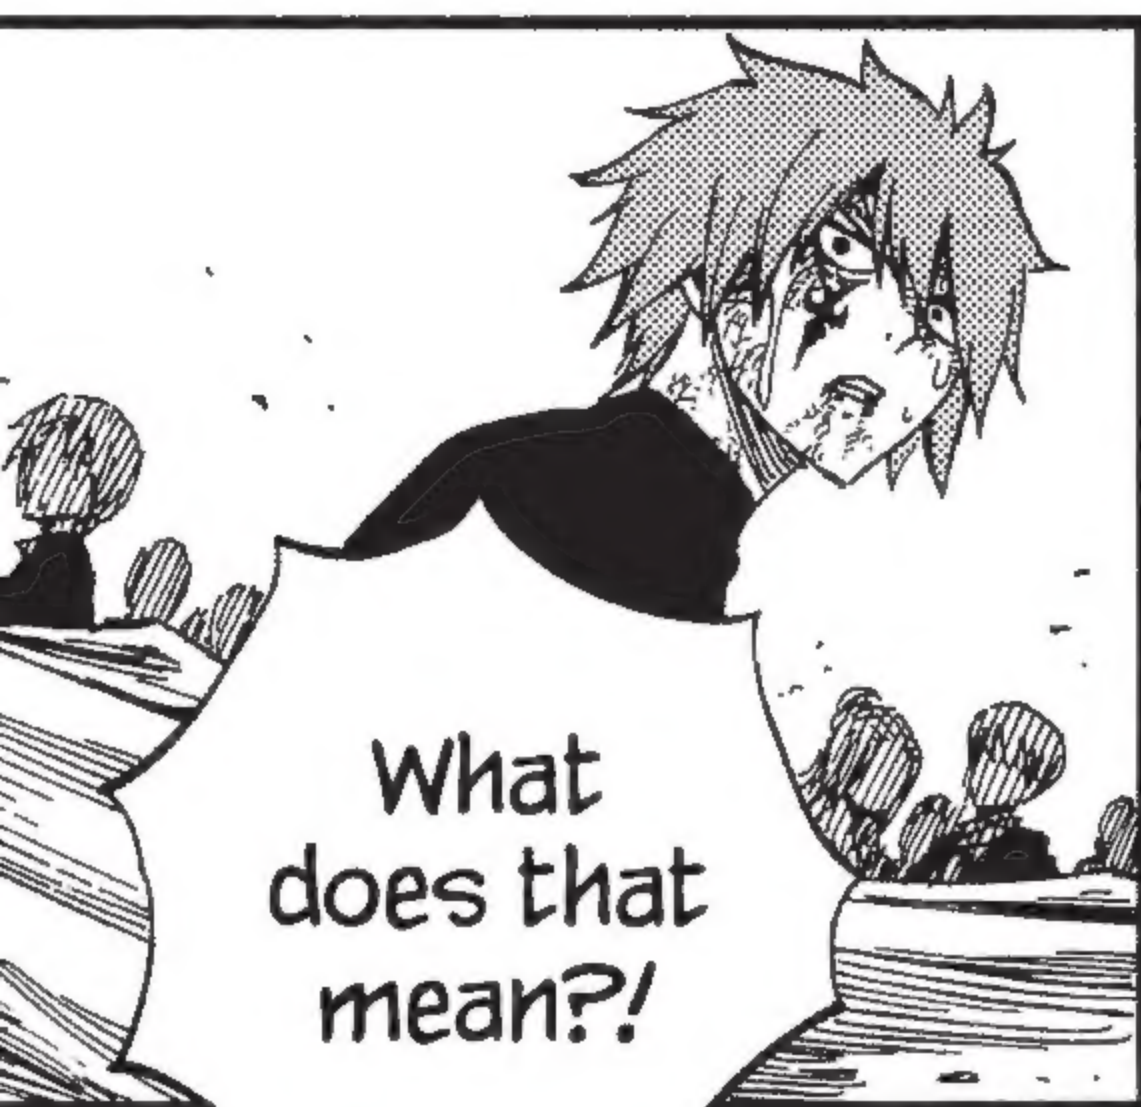

Dammit
!!!!

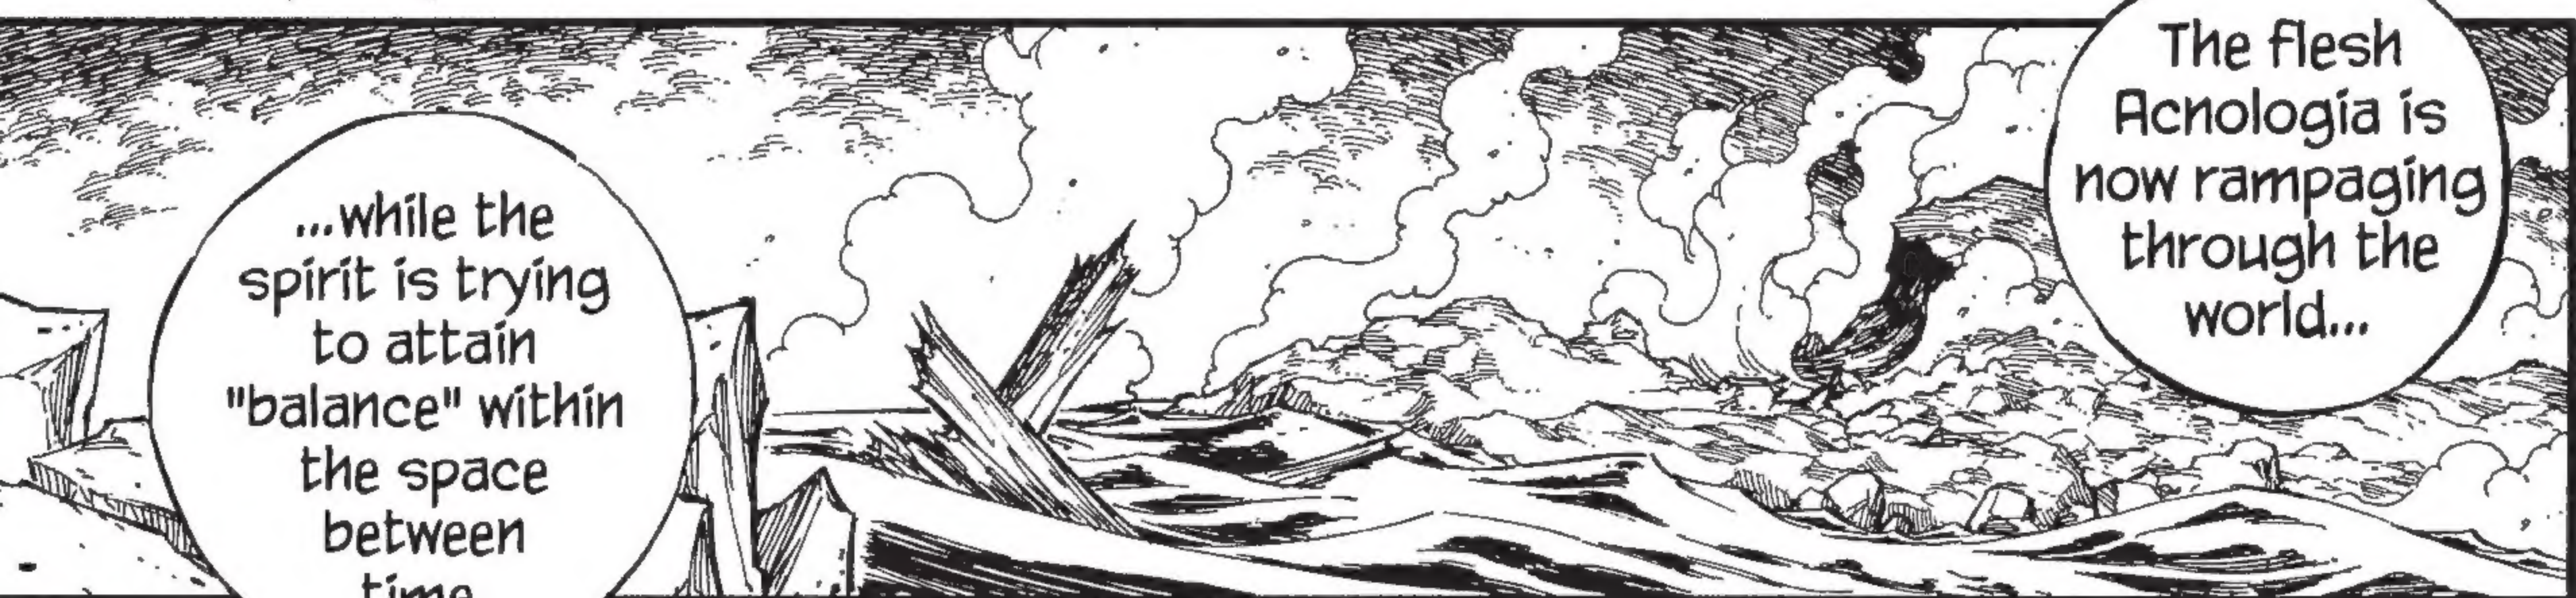

What
?!

What
does that
mean?!

It caused
him to split in
two...a flesh
Acnologia
and a spirit
Acnologia.

...while the
spirit is trying
to attain
"balance" within
the space
between
time.

The flesh
Acnologia is
now rampaging
through the
world...

He wants
their magic to
circulate through
the space
between time
and stabilize *his*
magic.

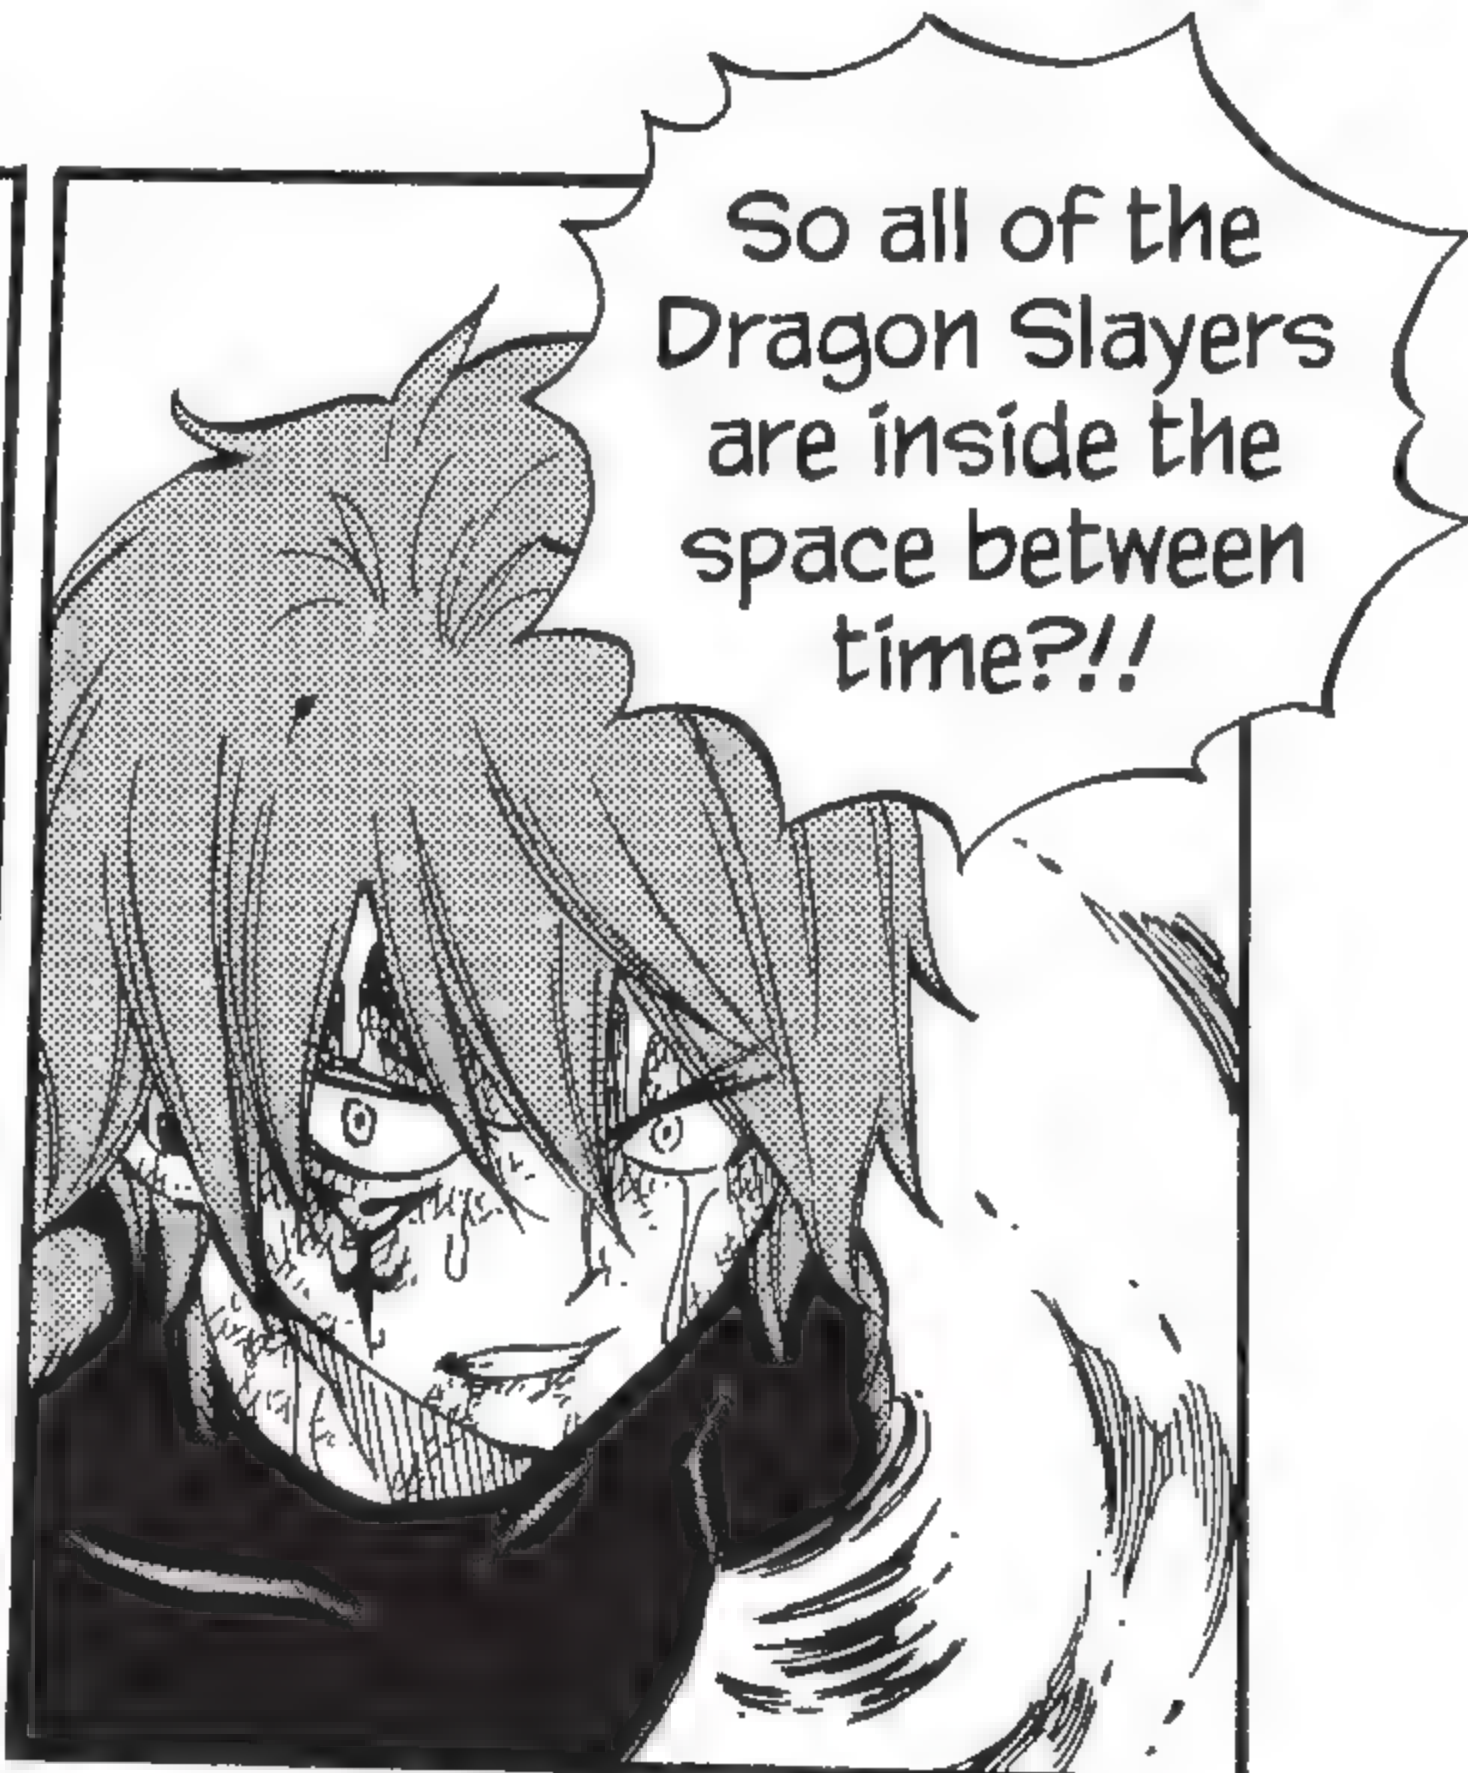

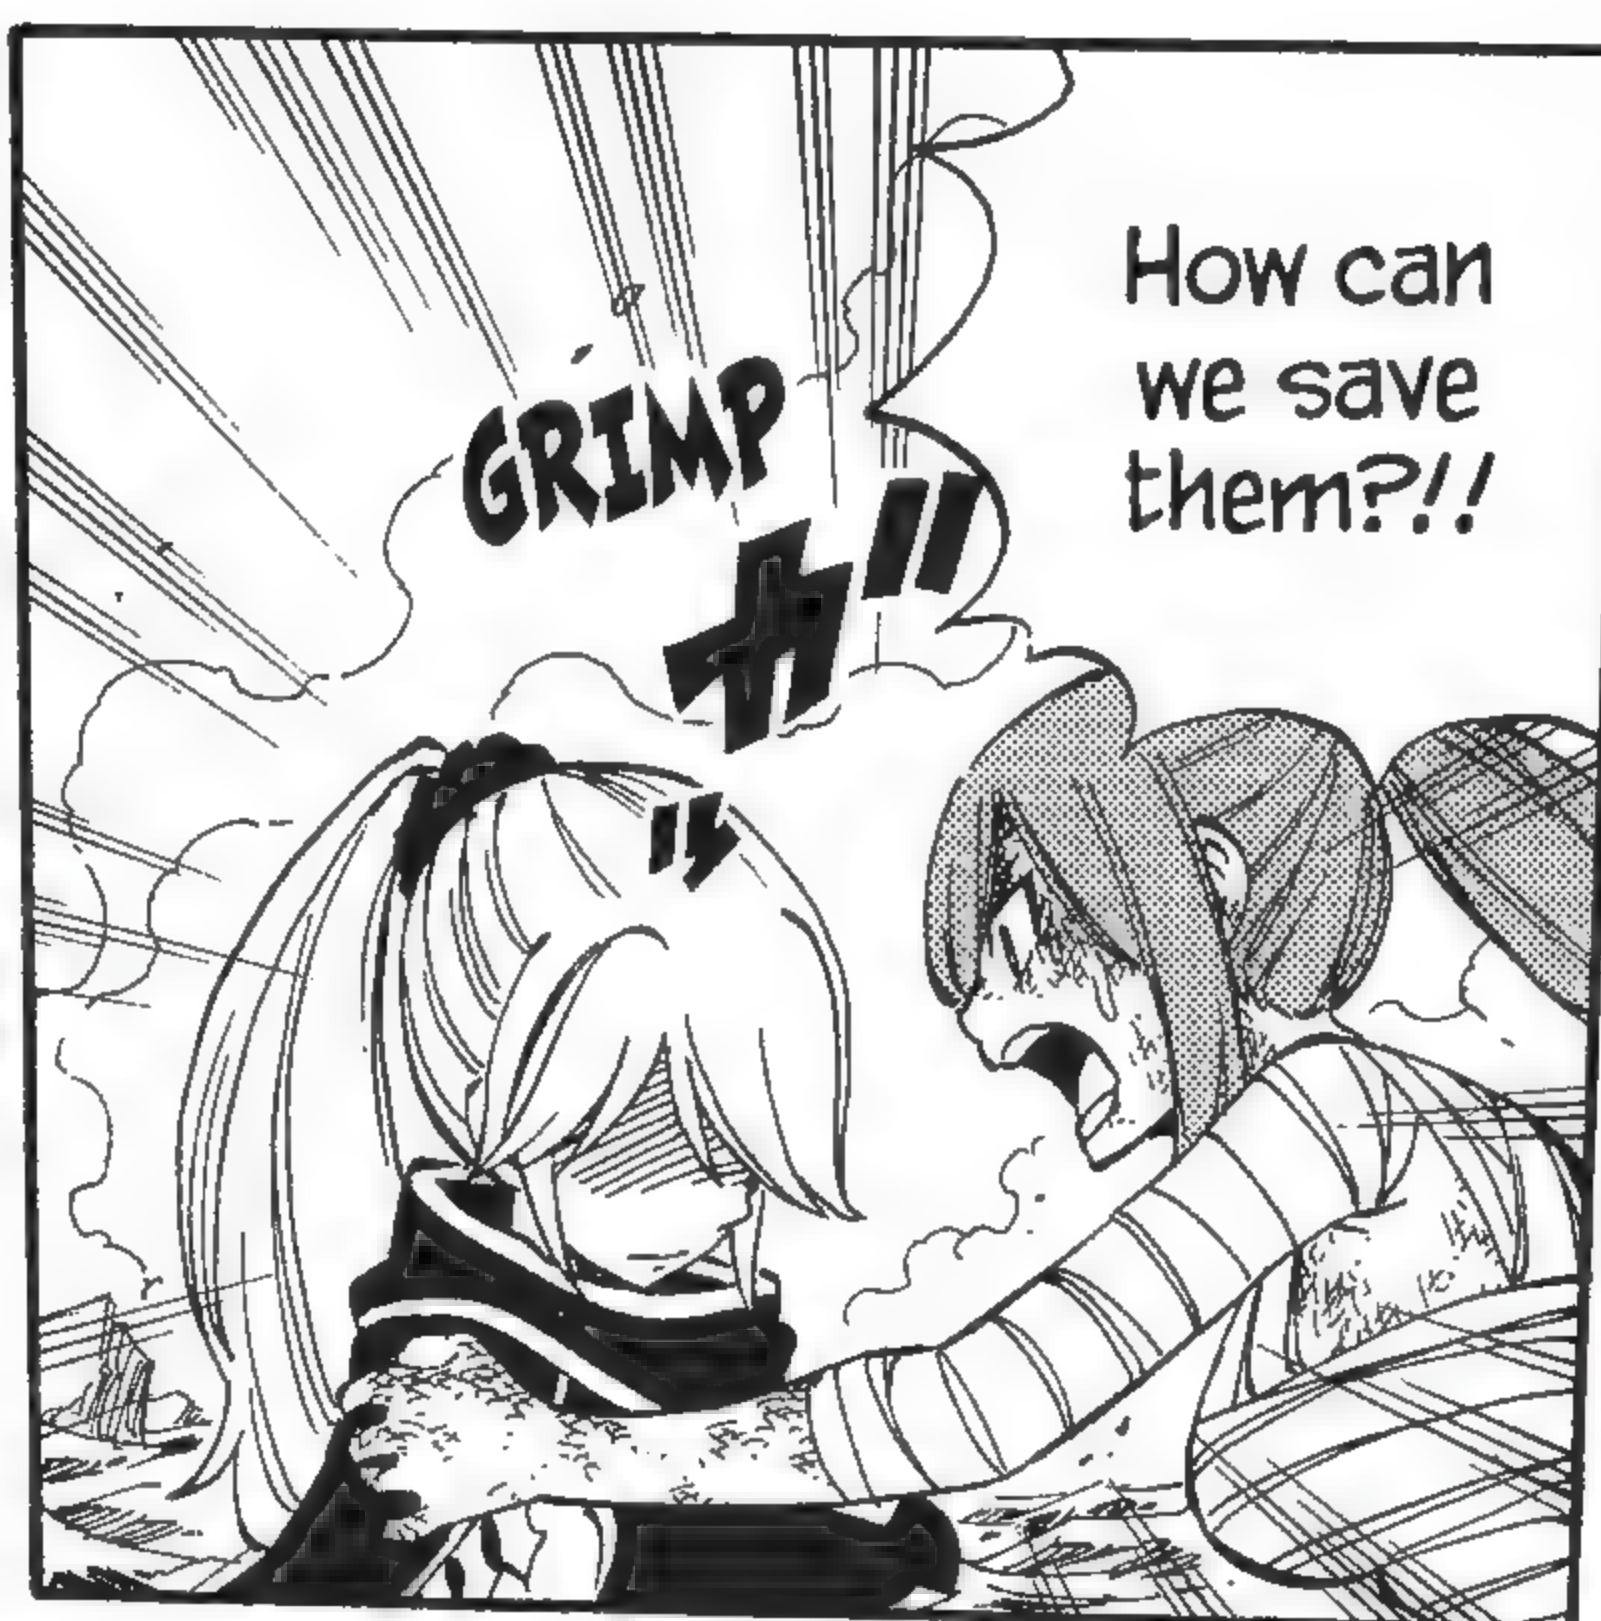

What he
needs are
the Dragon
Slayers.

Balance
?

We weren't
necessary for
his balance,
so we were
ejected.

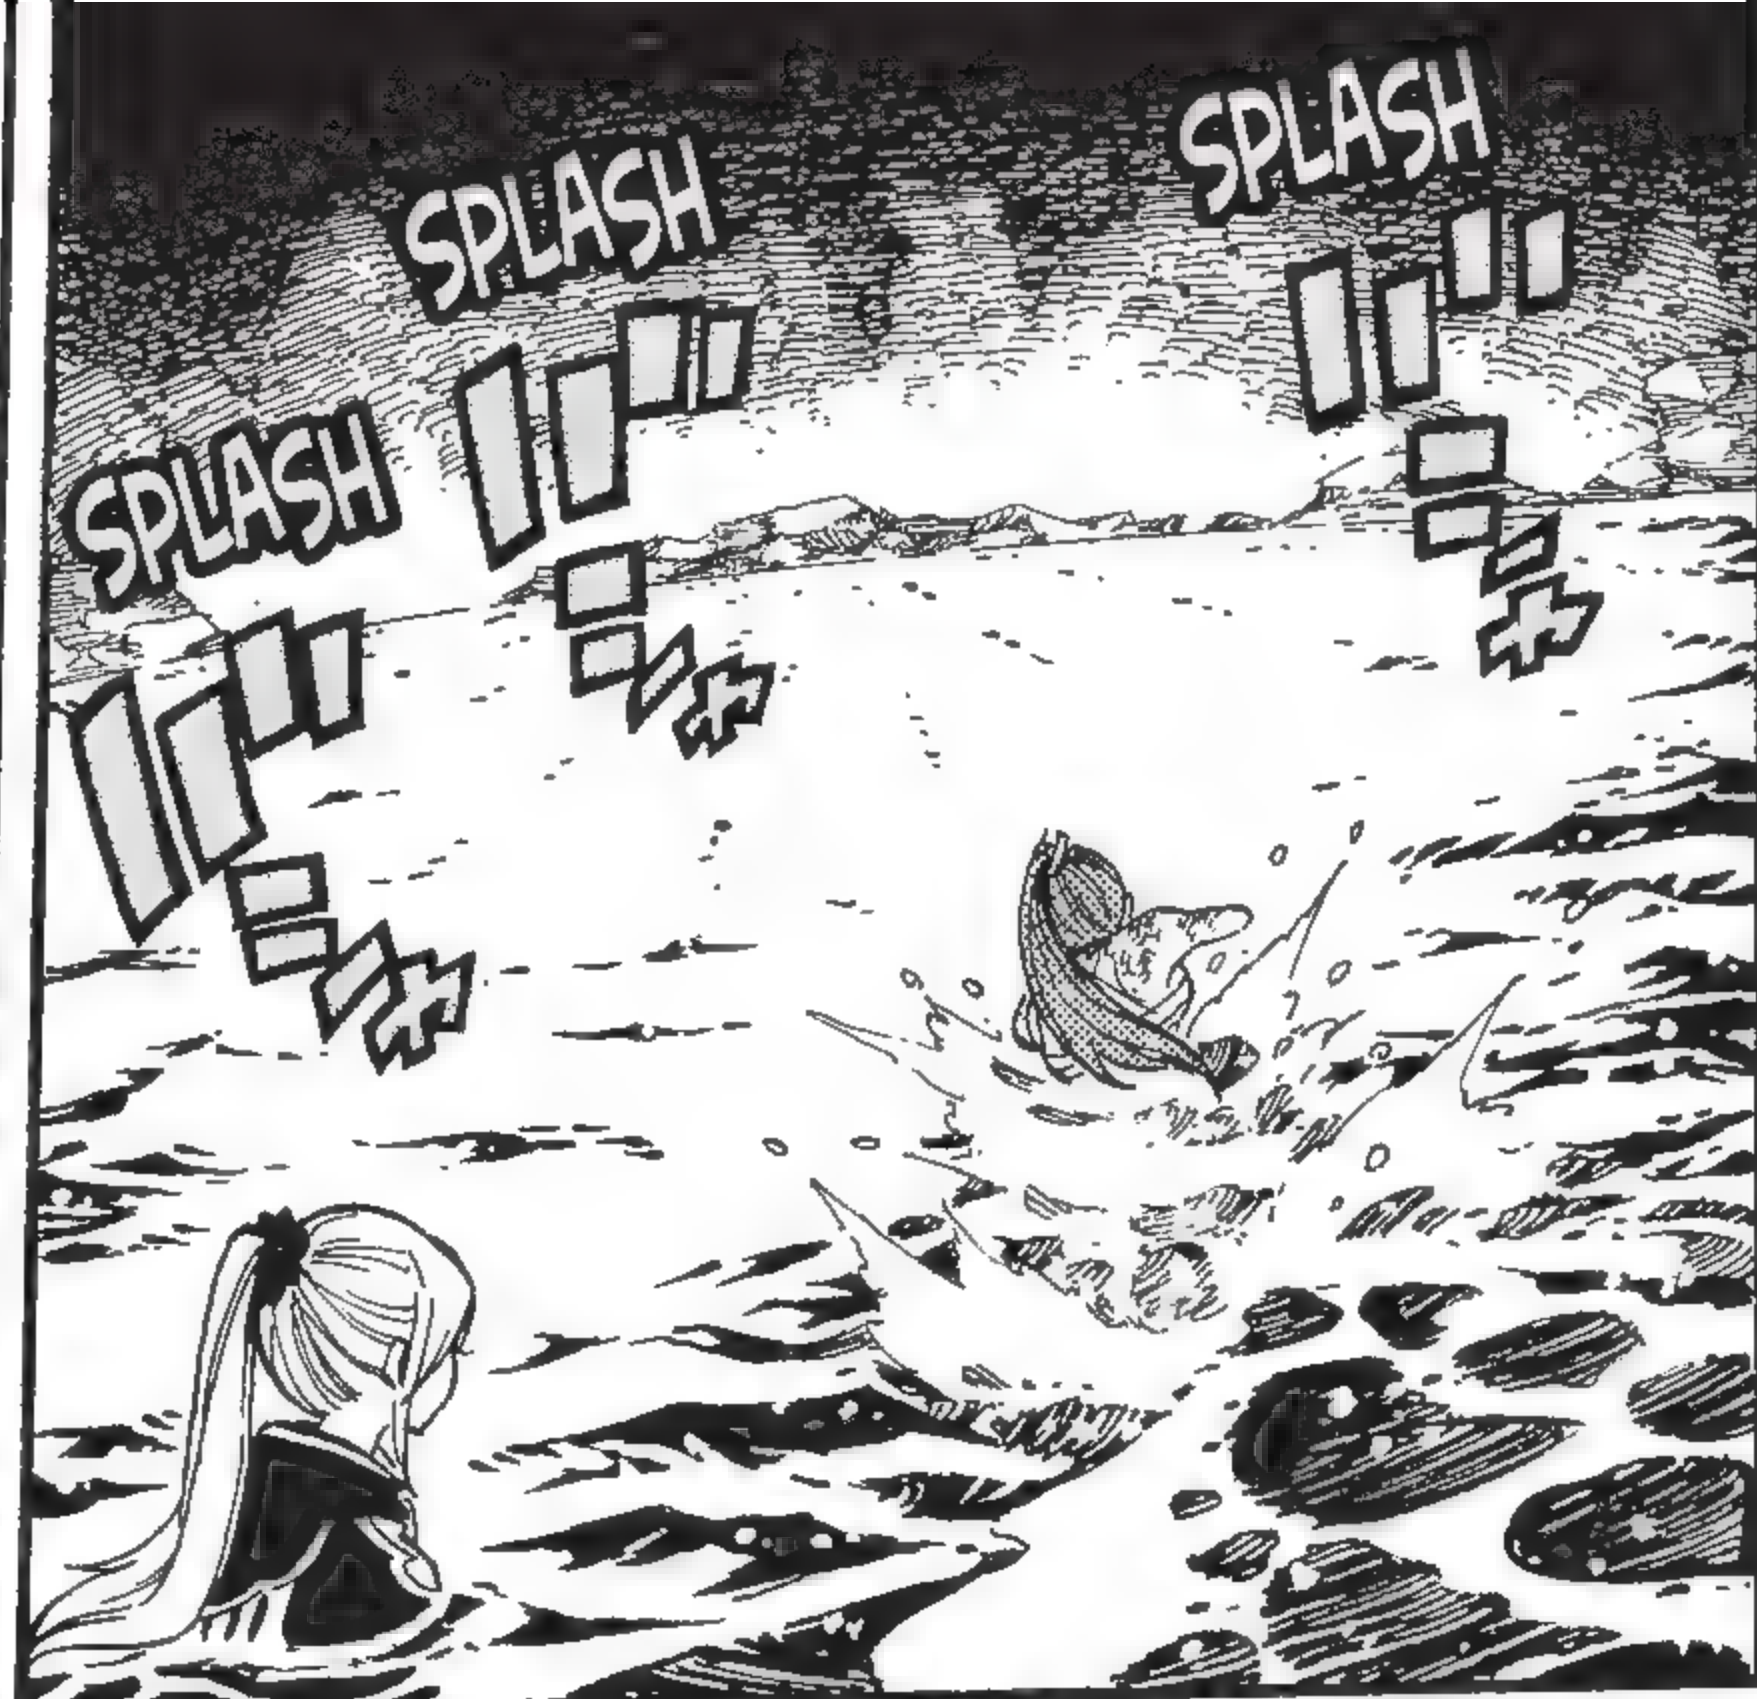

I'm going to Magnolia!!

You're going to swim there?!

Erza!!

But...the Acnologia in *this world* is heading toward Magnolia!!! So I am too!!!

I'm going to trust in Natsu and the other Dragon Slayers!!!!

We all have to go protect the town!!

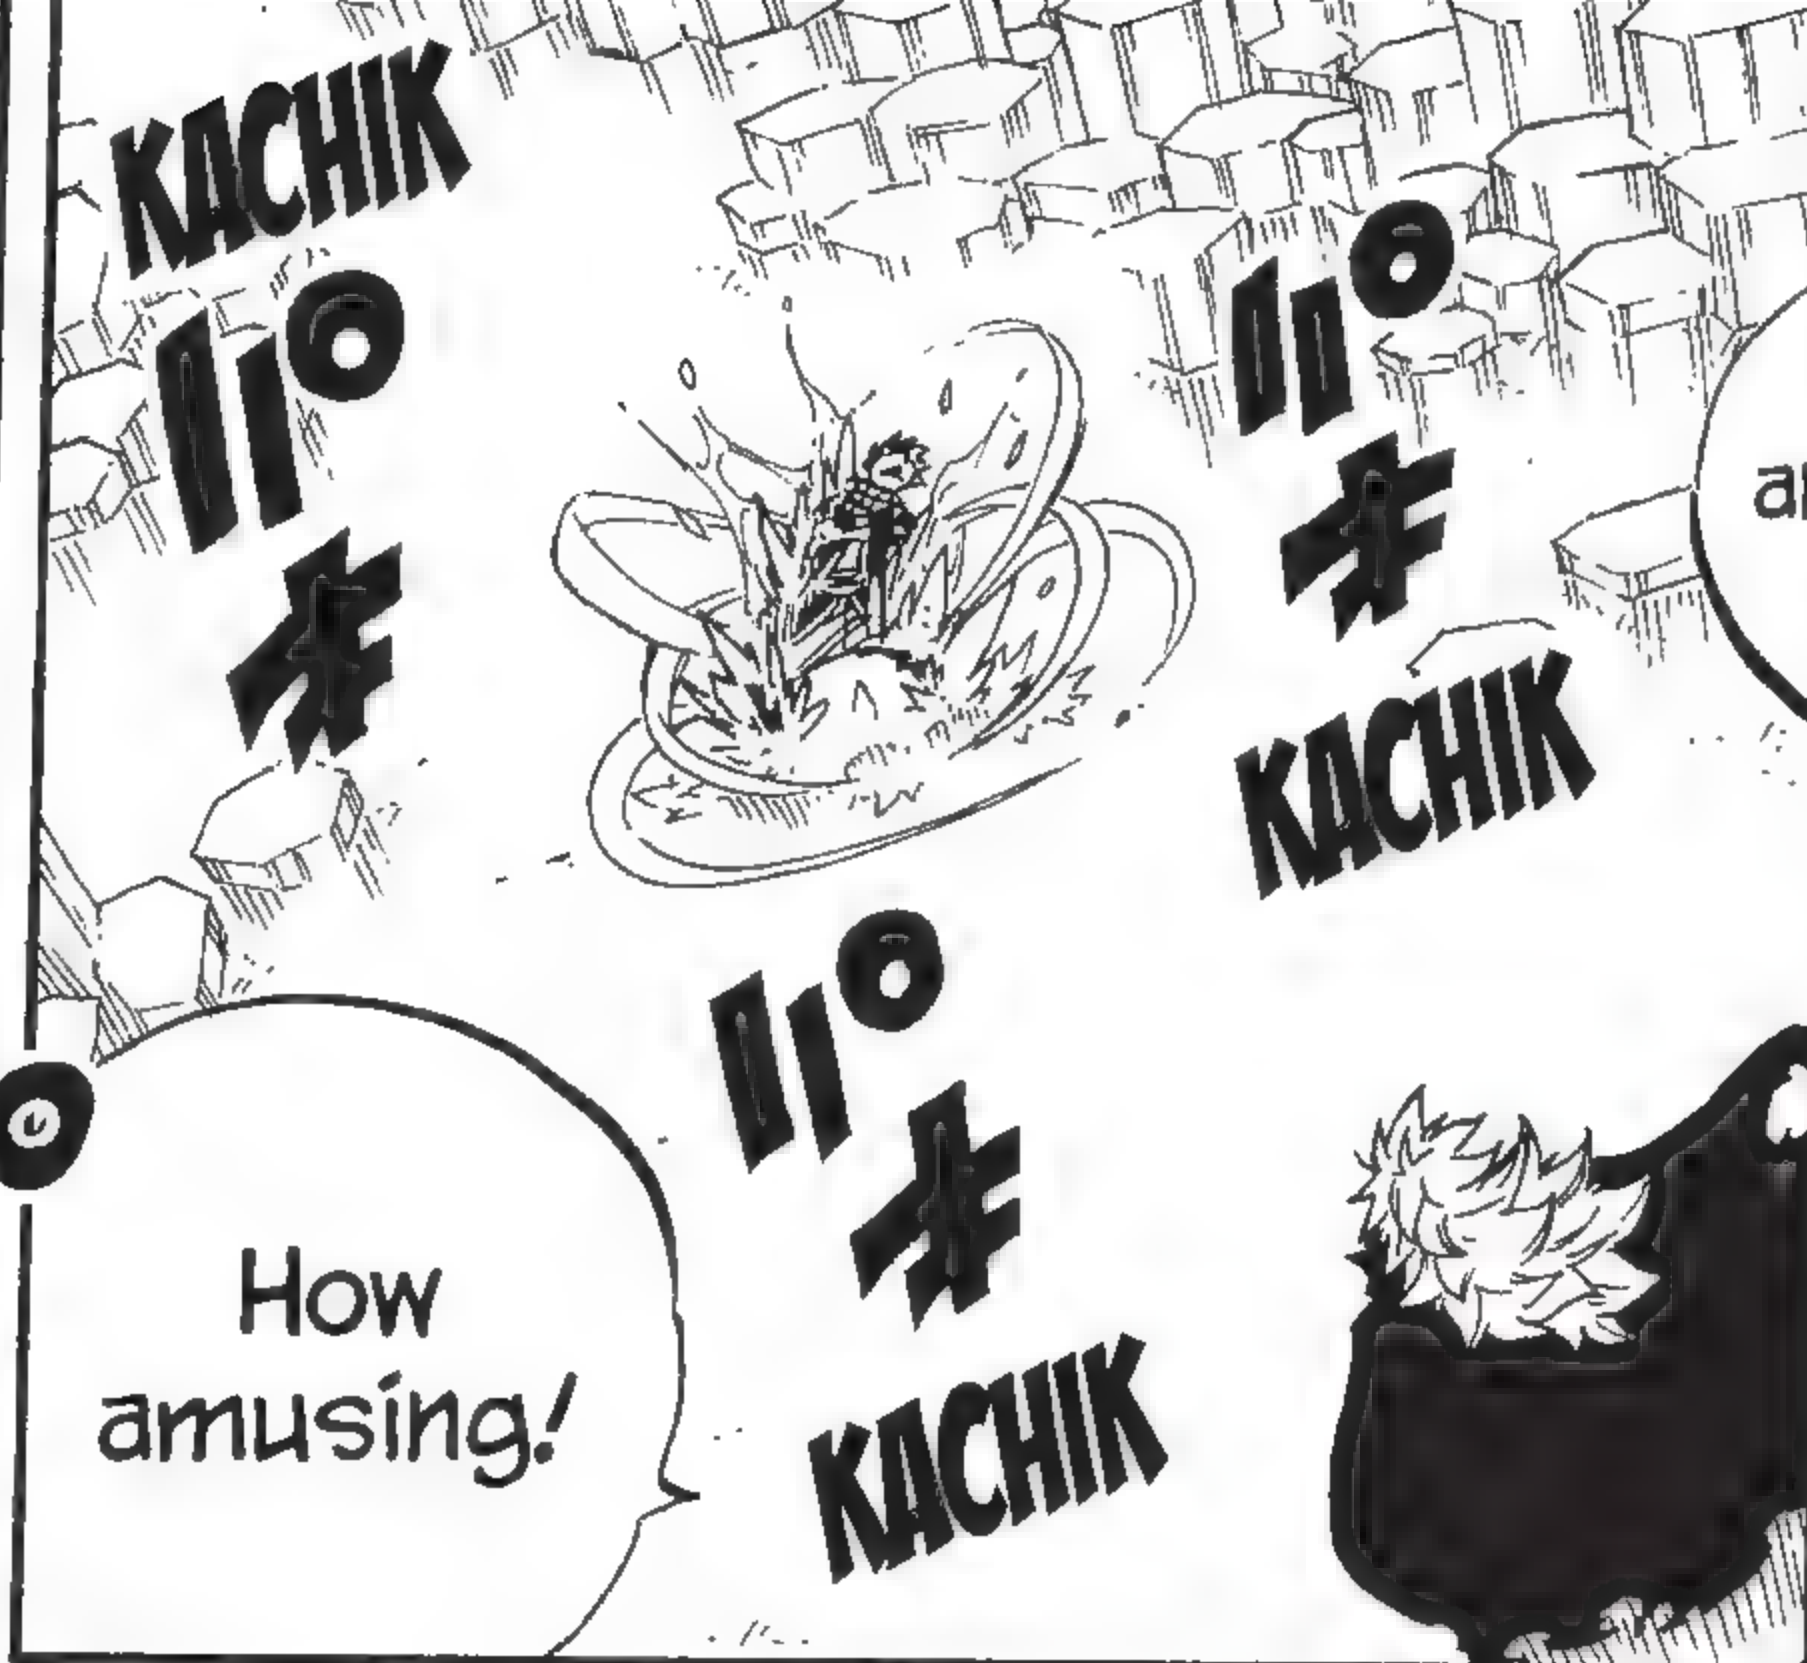

Mest!!

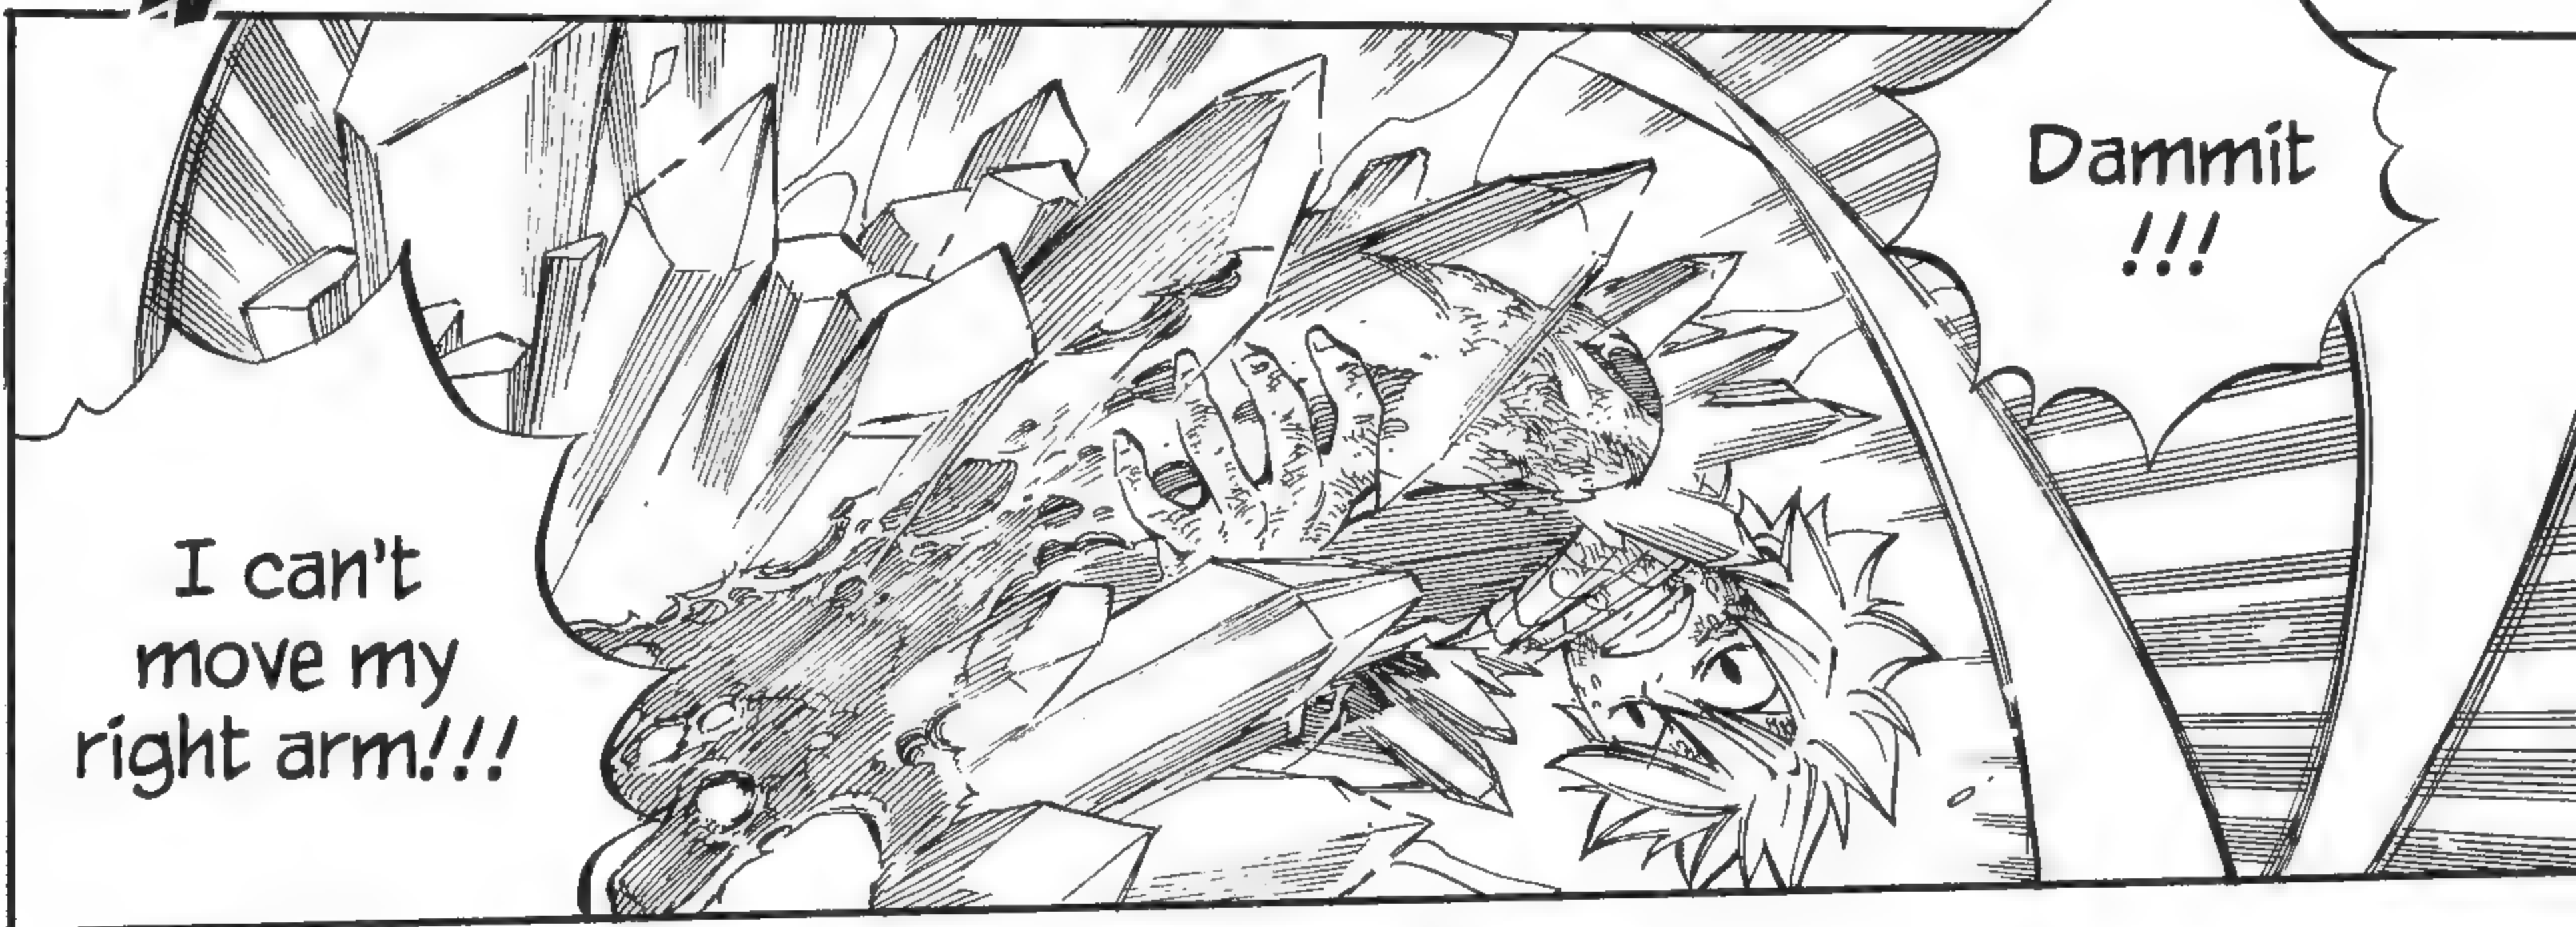

Guhh!!

Balance and dragon slaying.

How amusing!

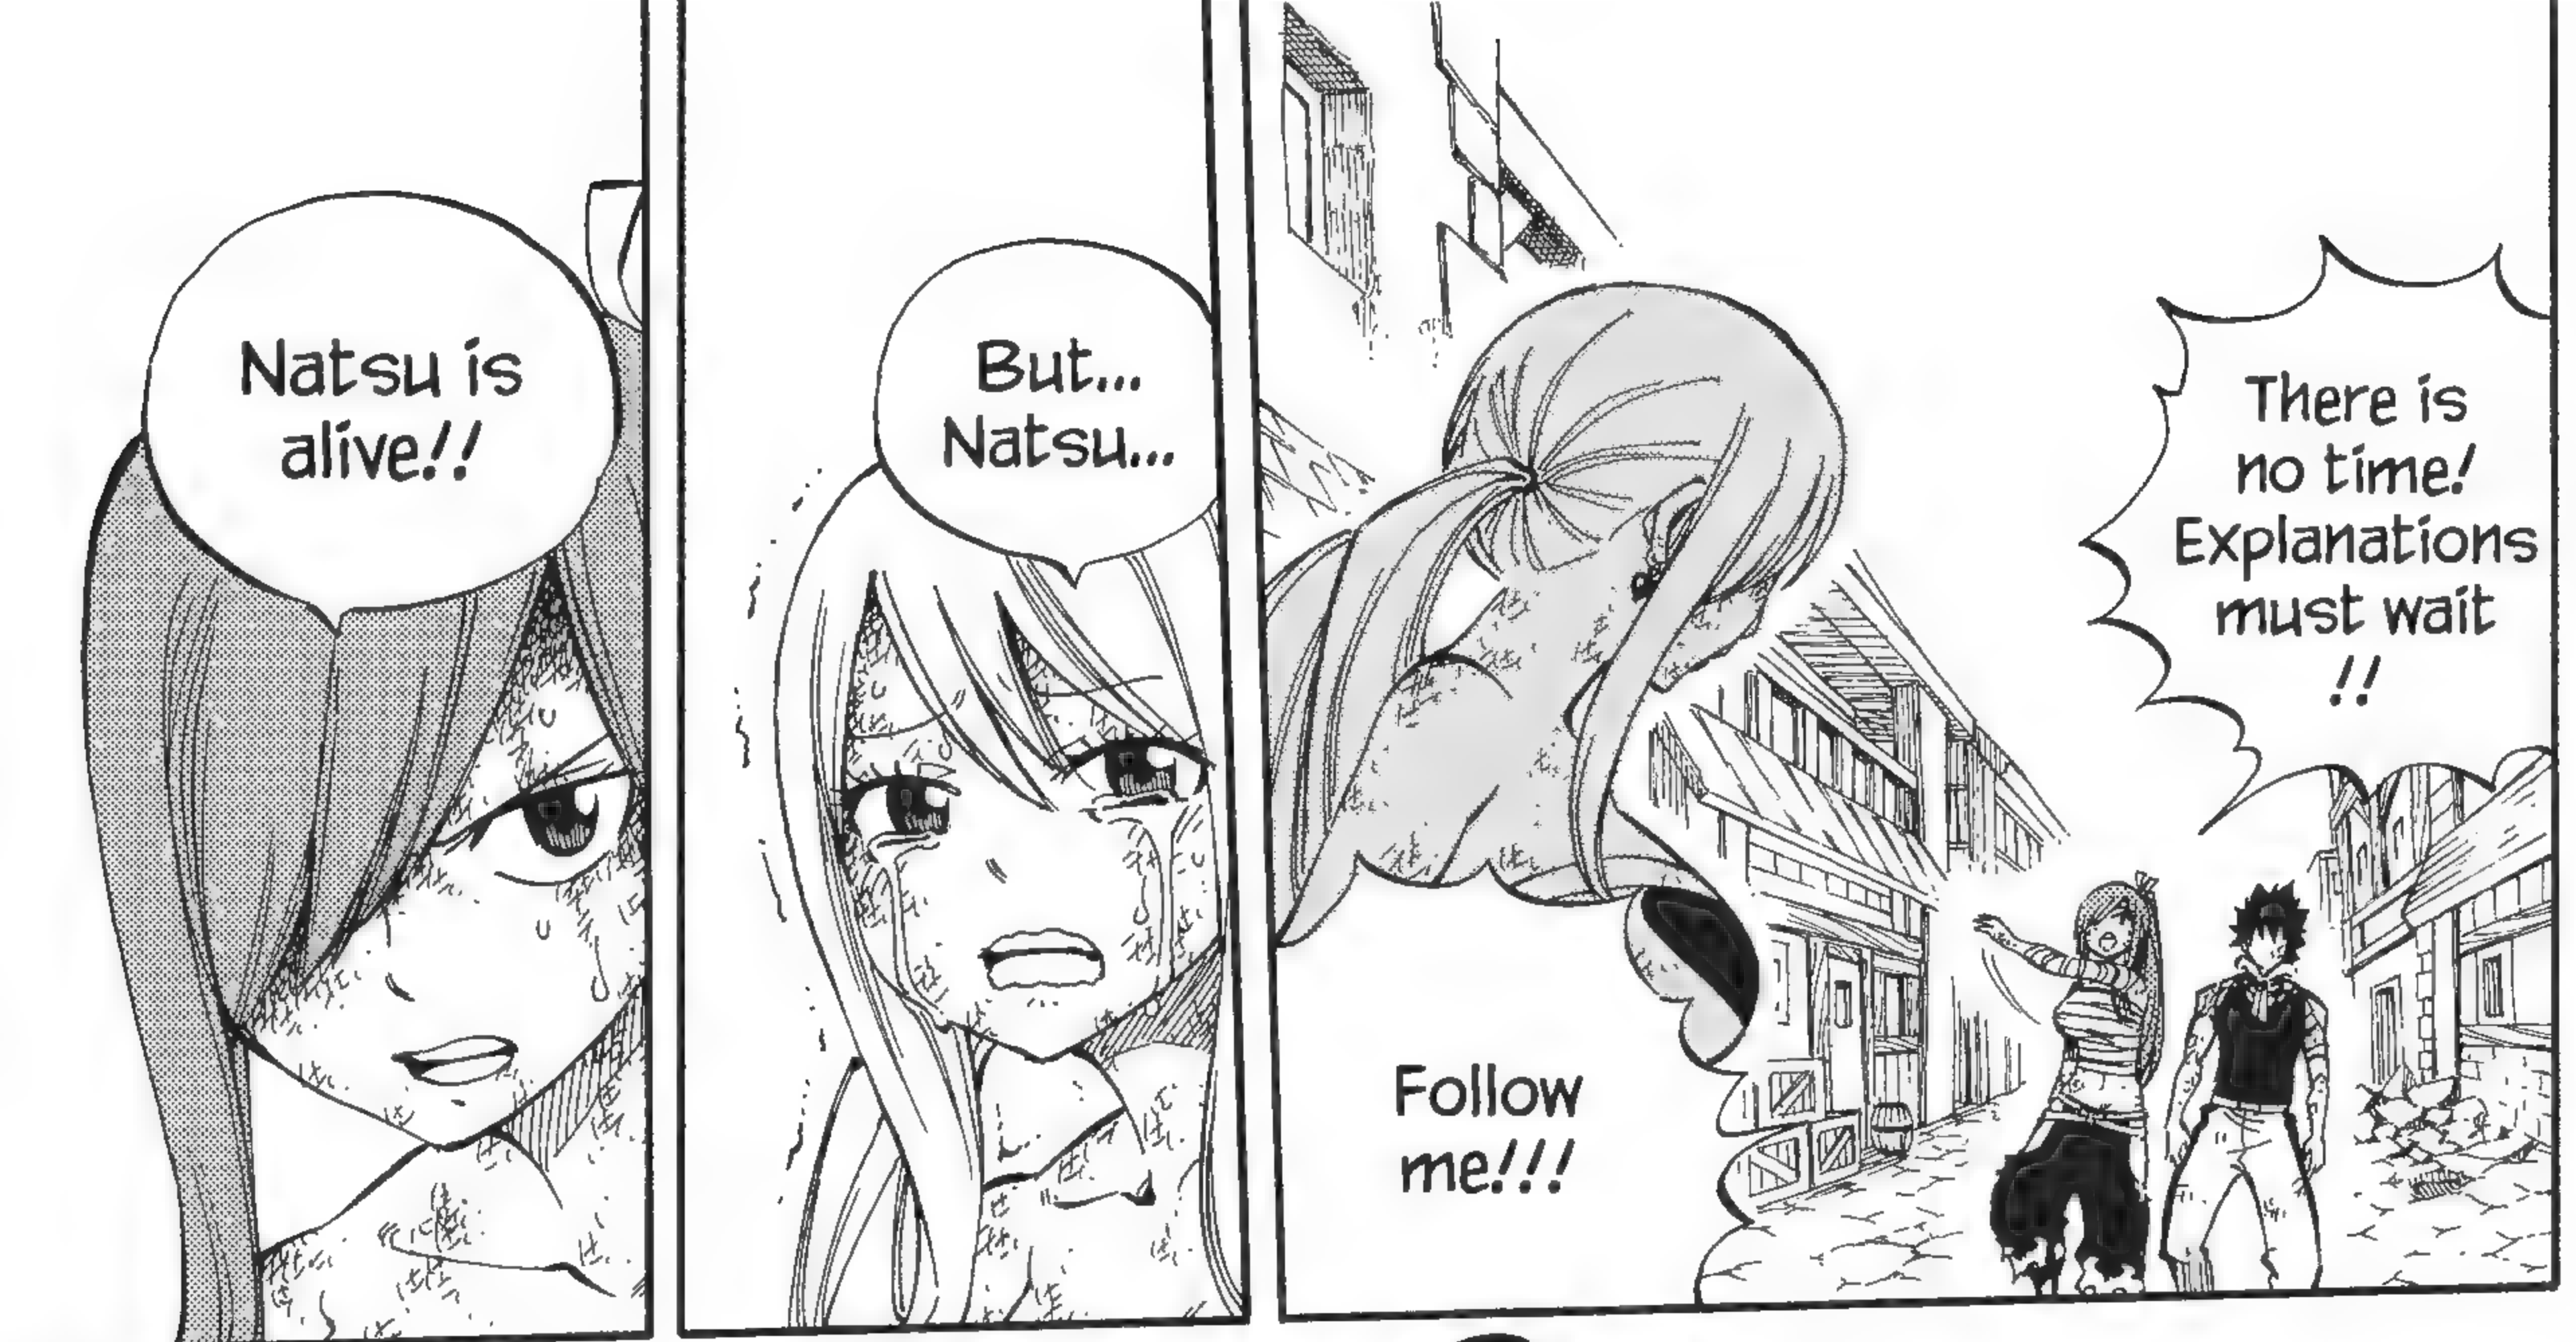

I can't move my right arm!!!

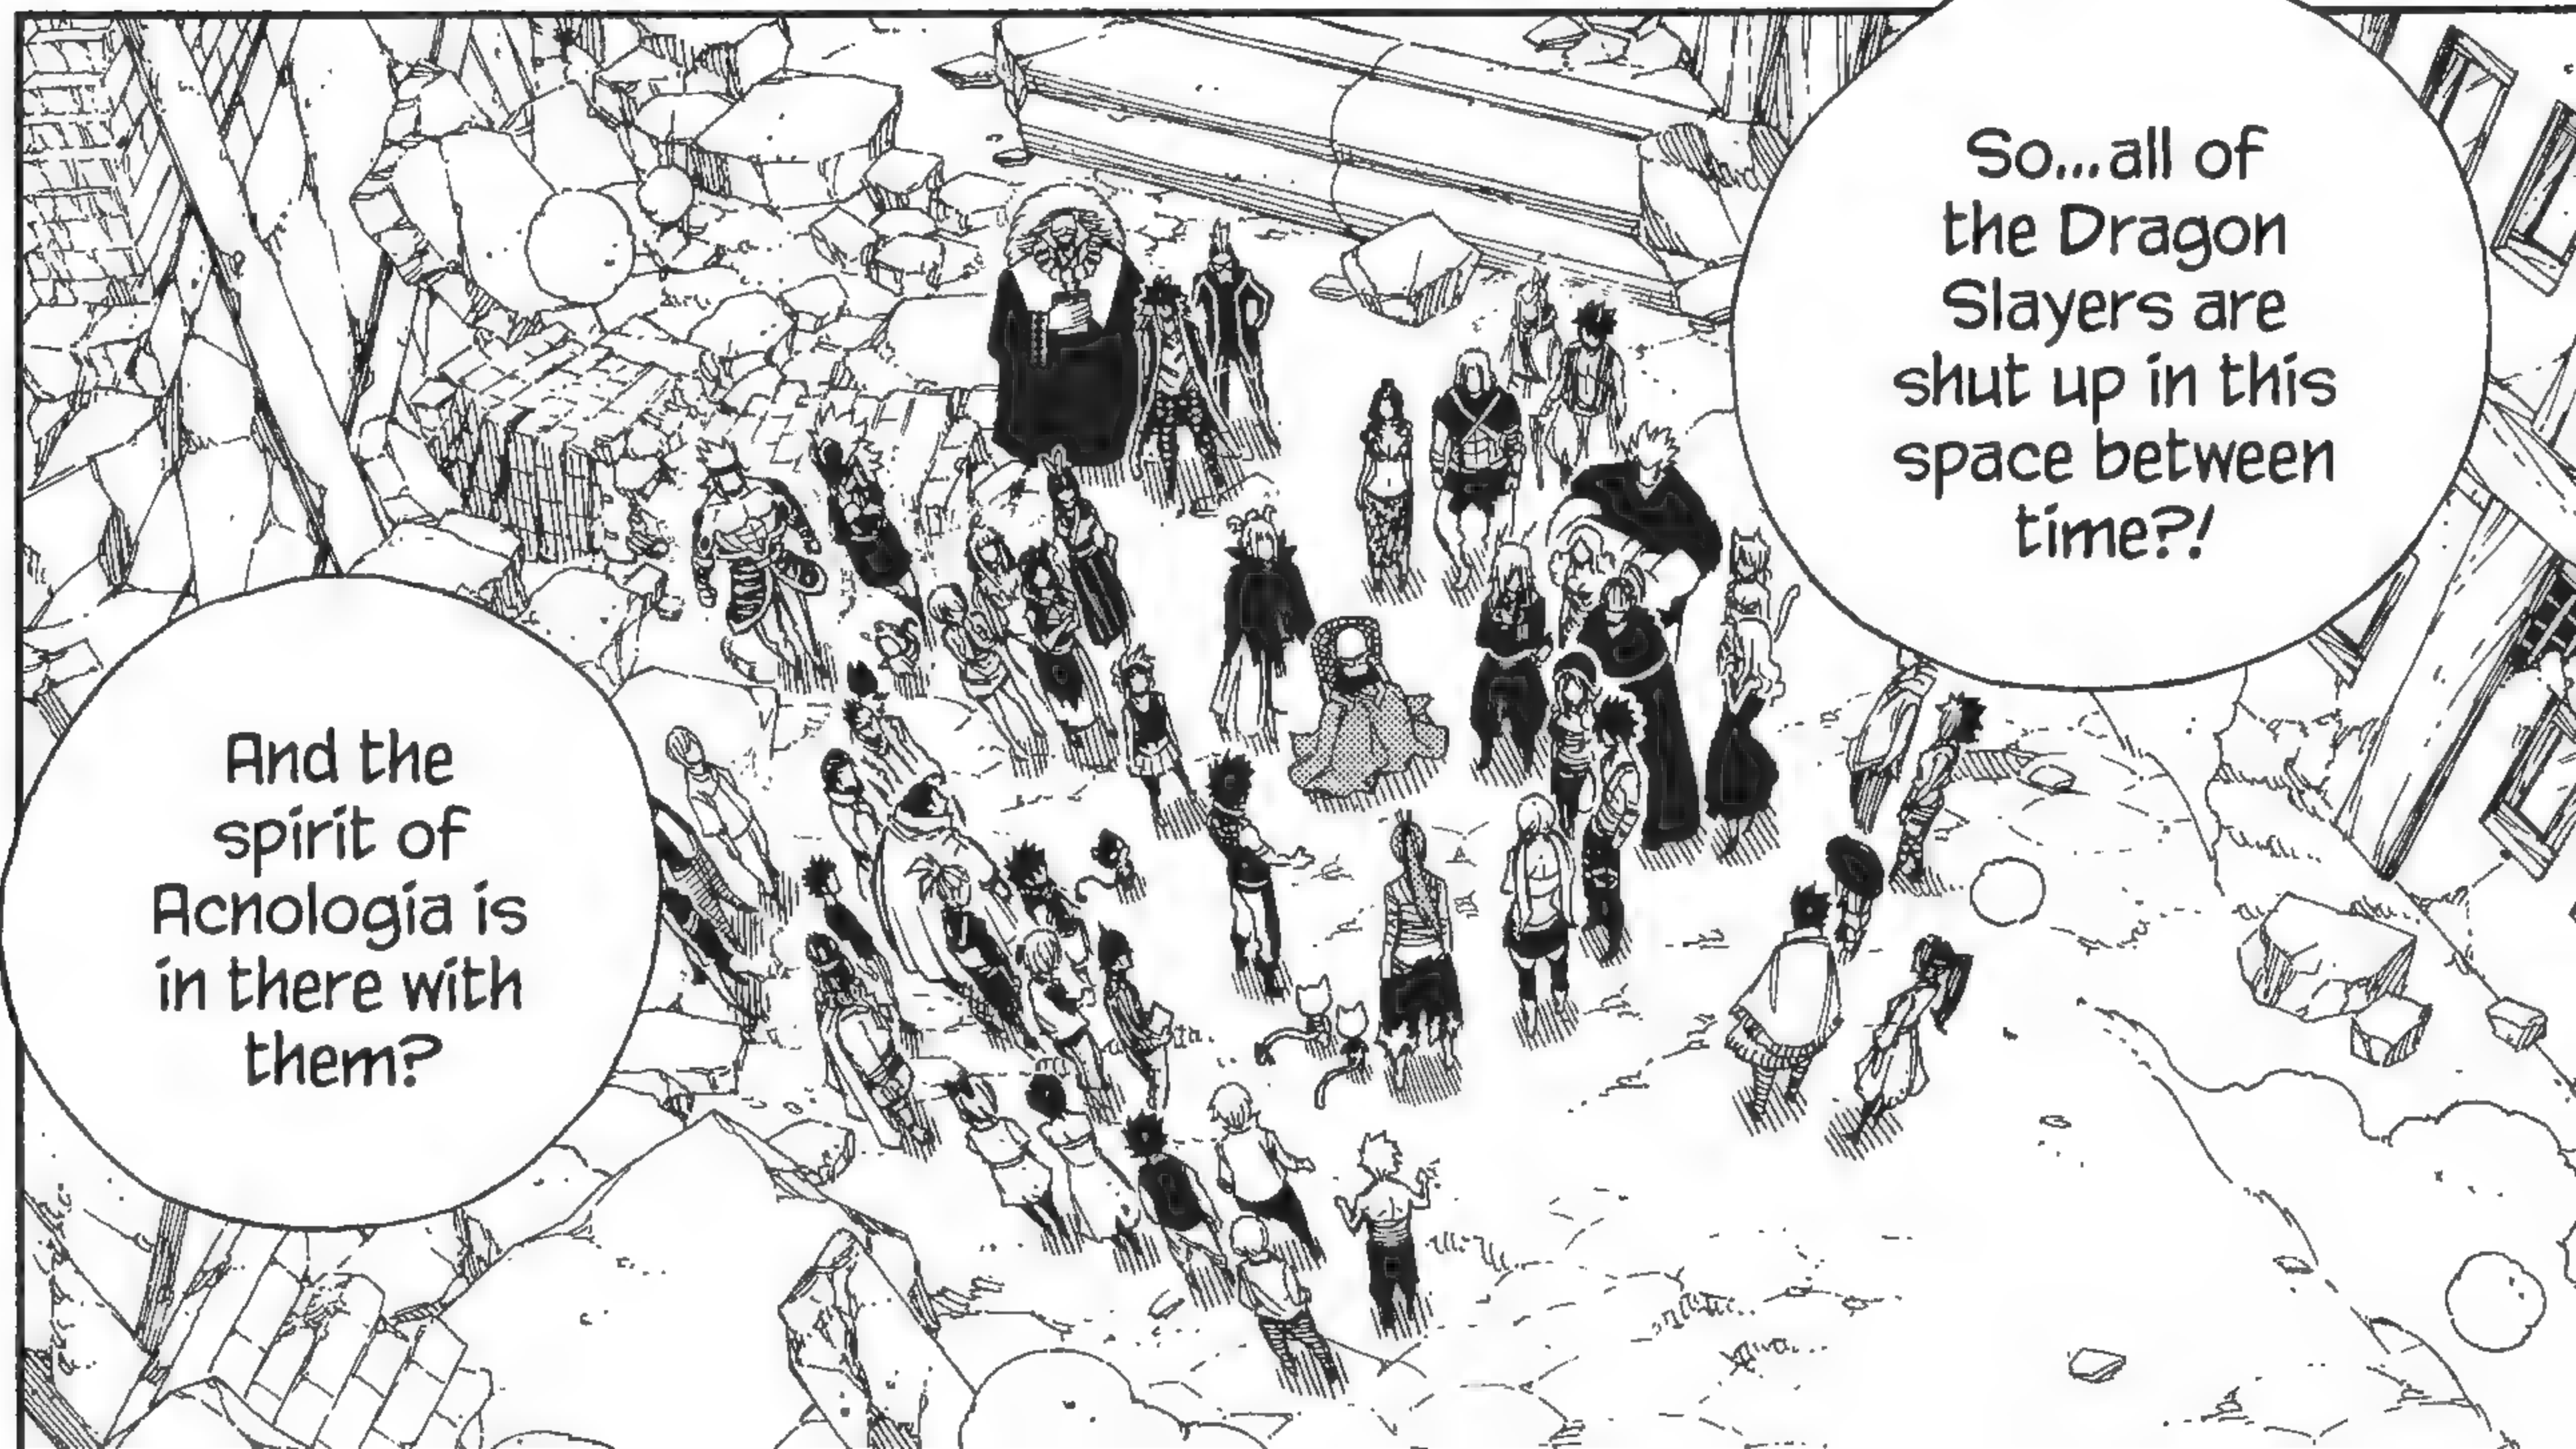

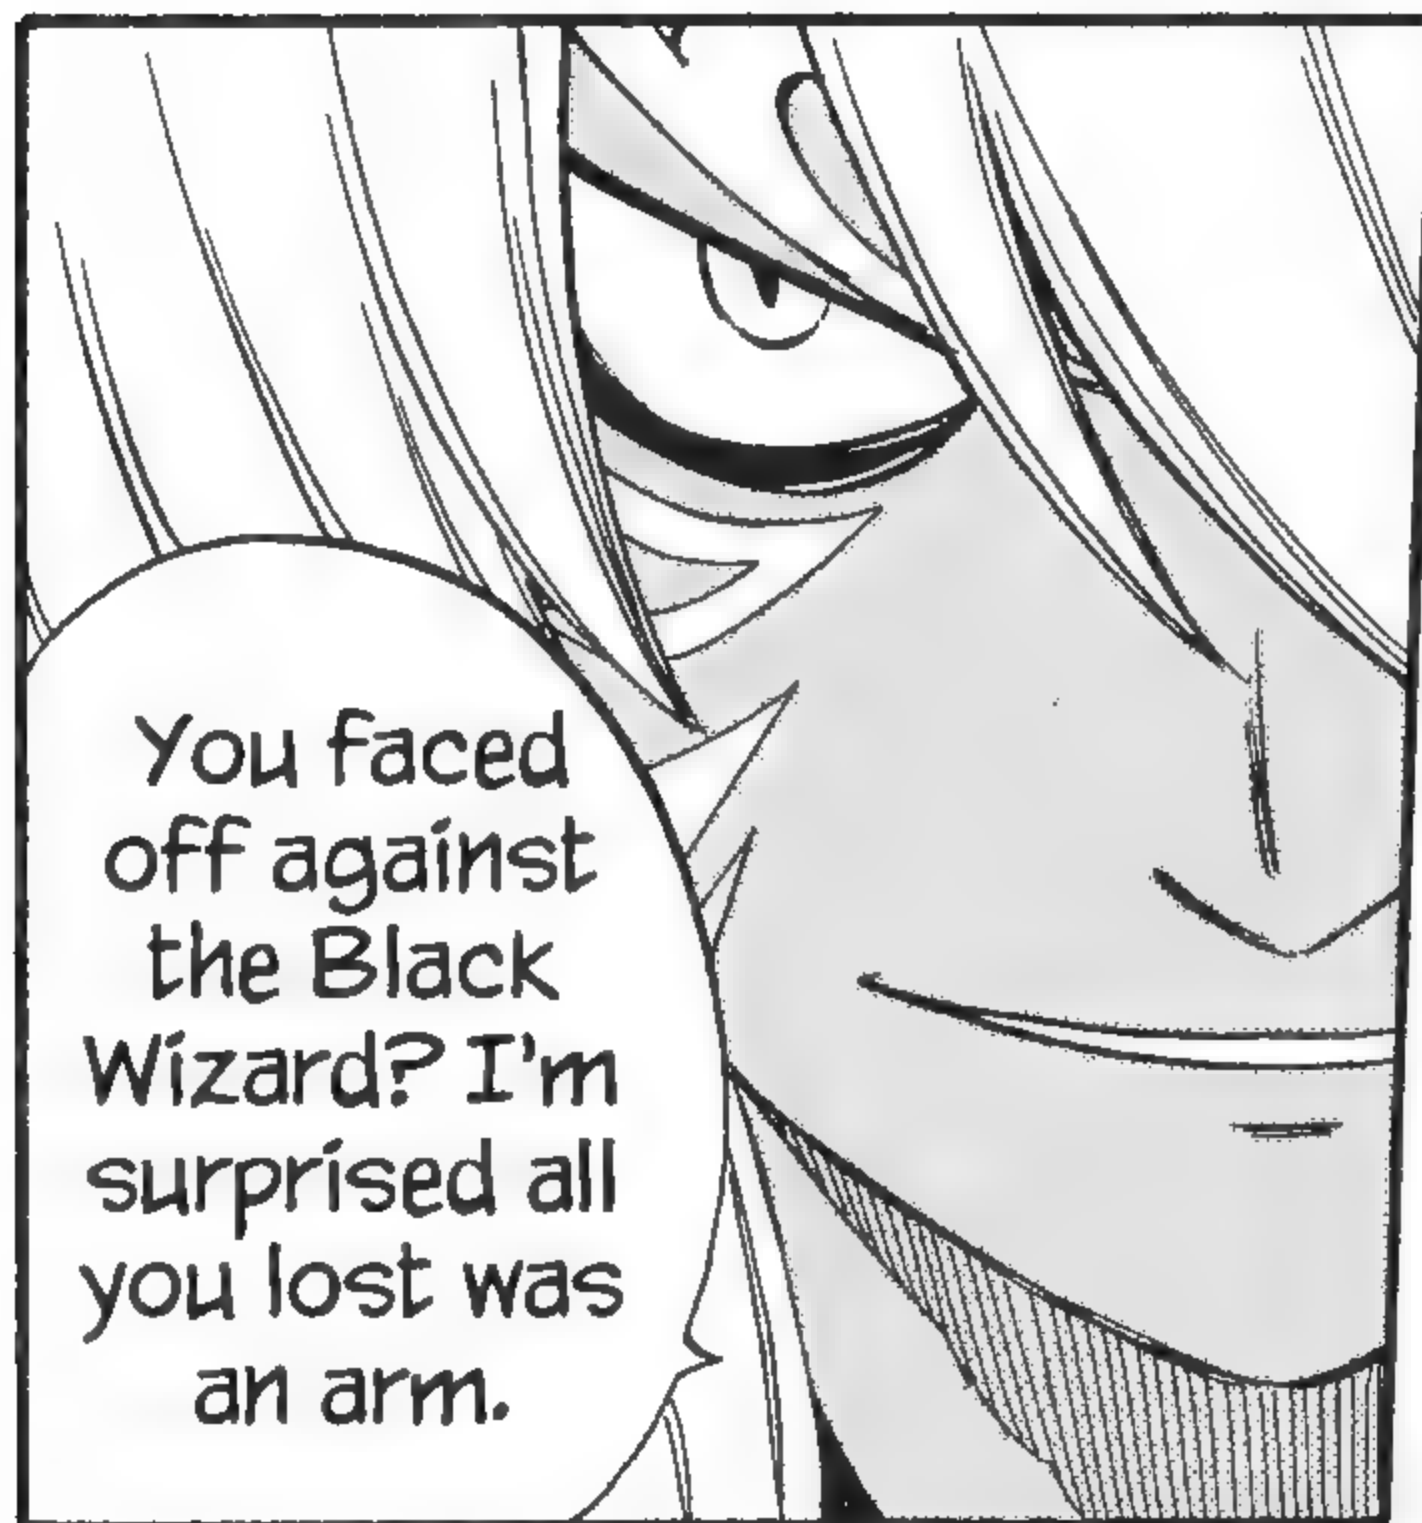

Dammit !!!

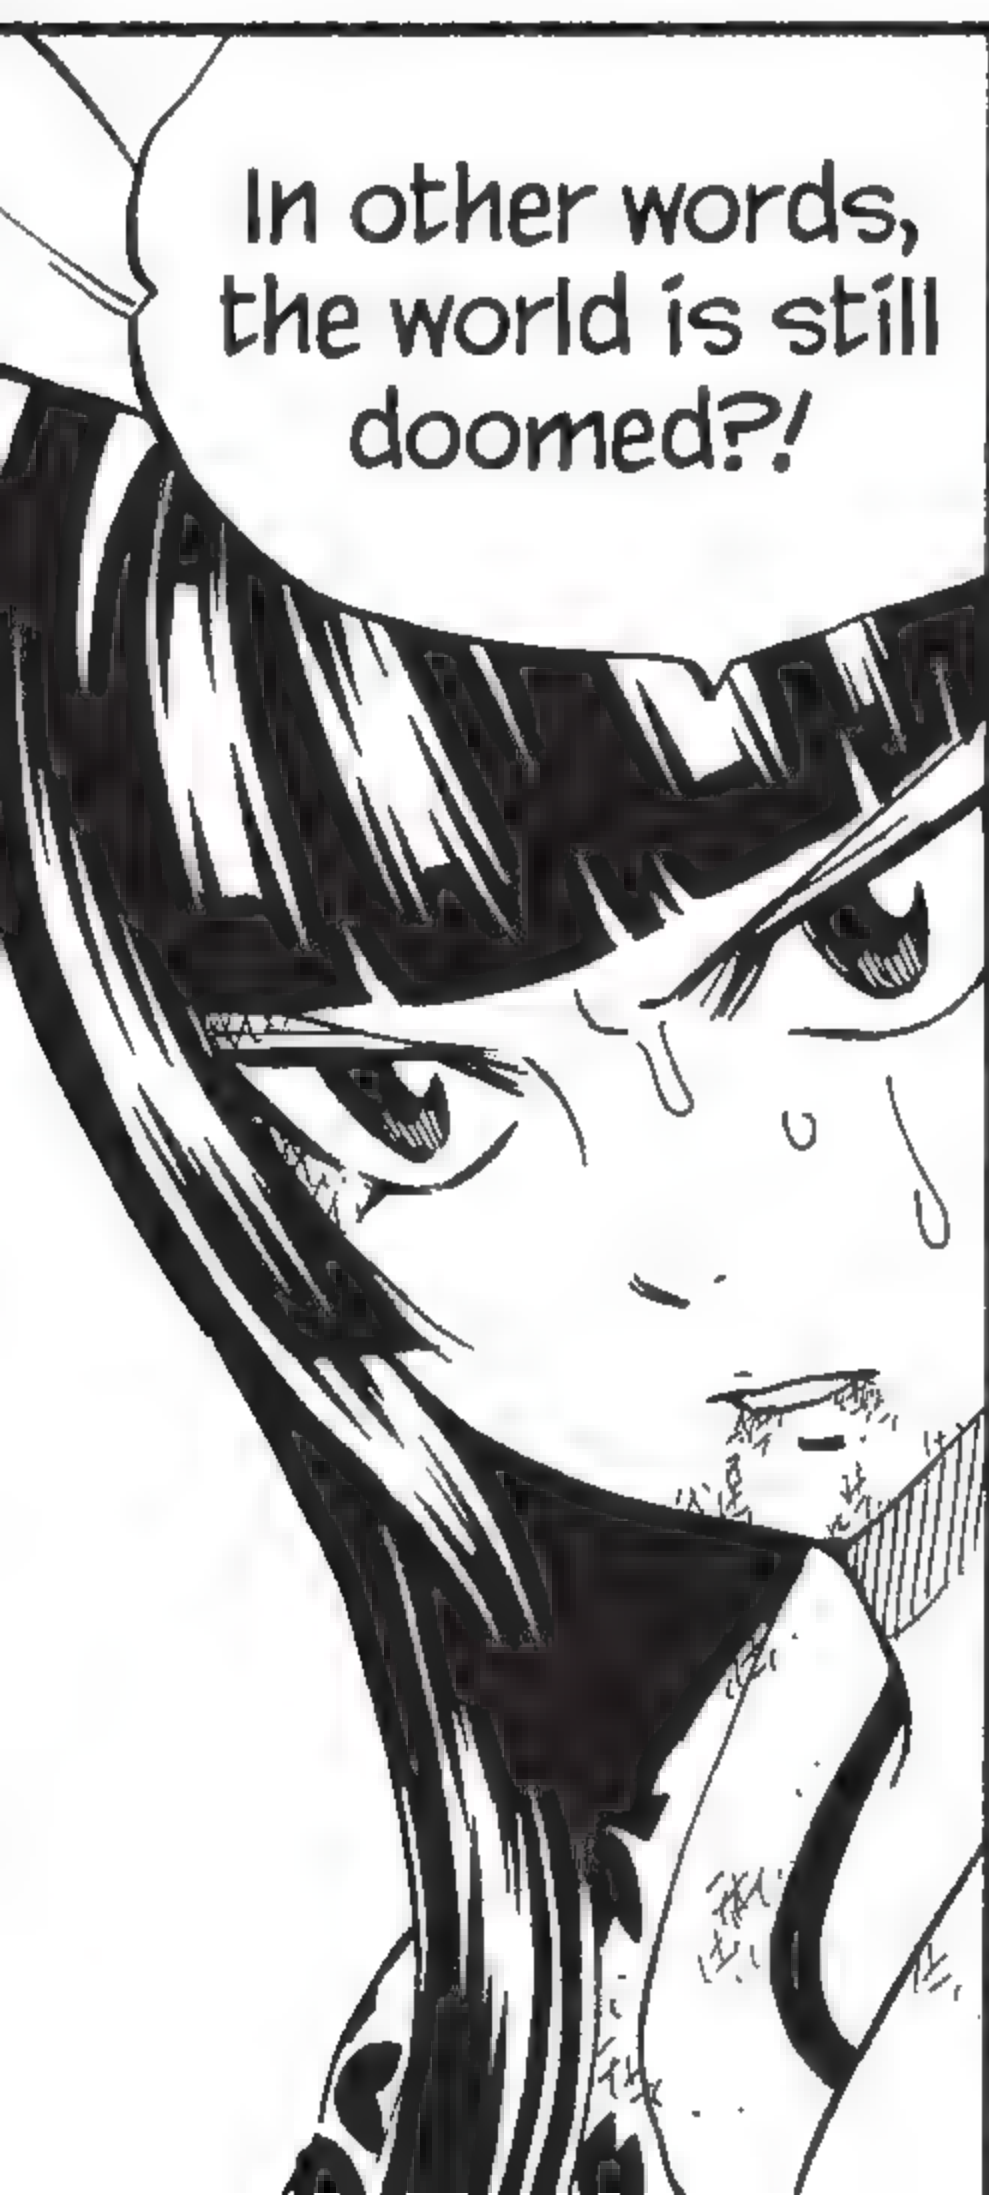

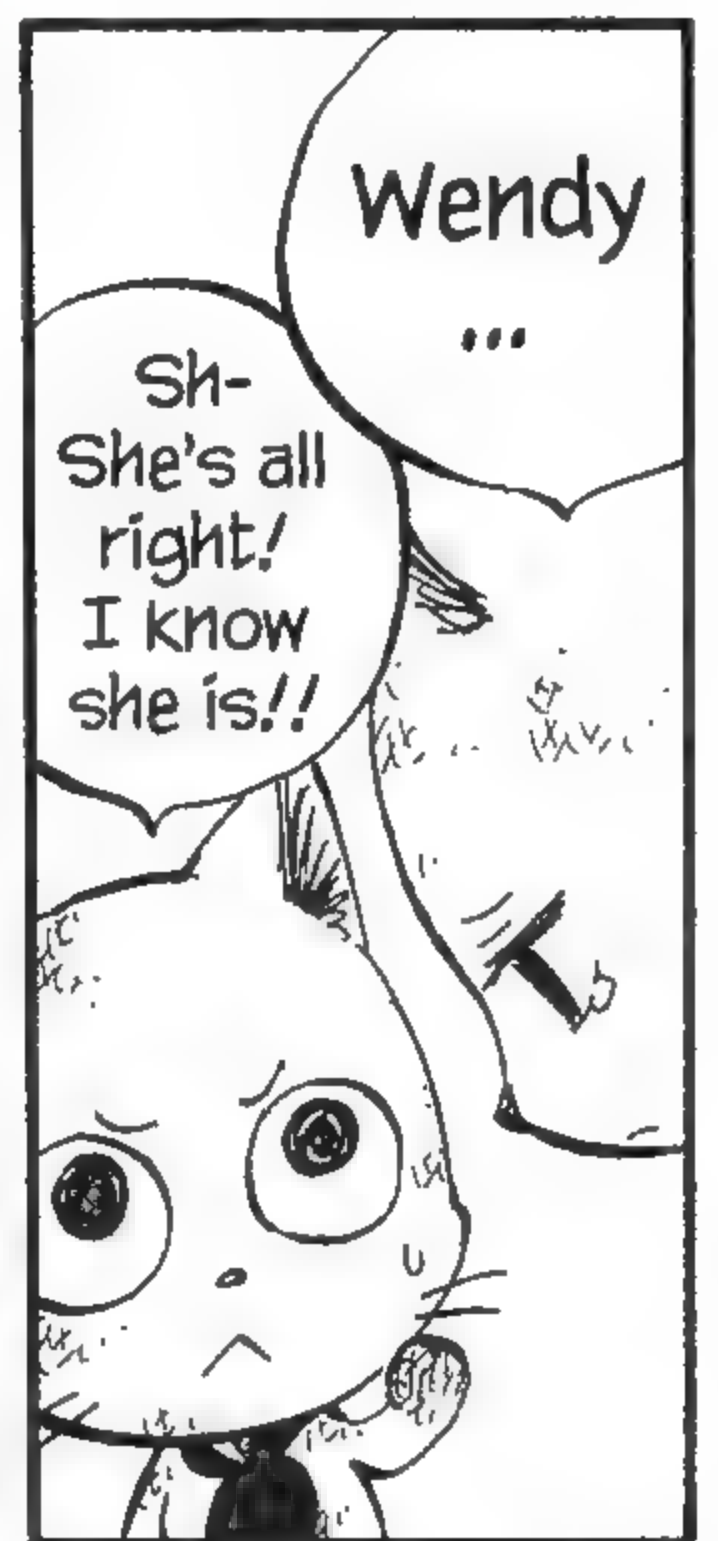

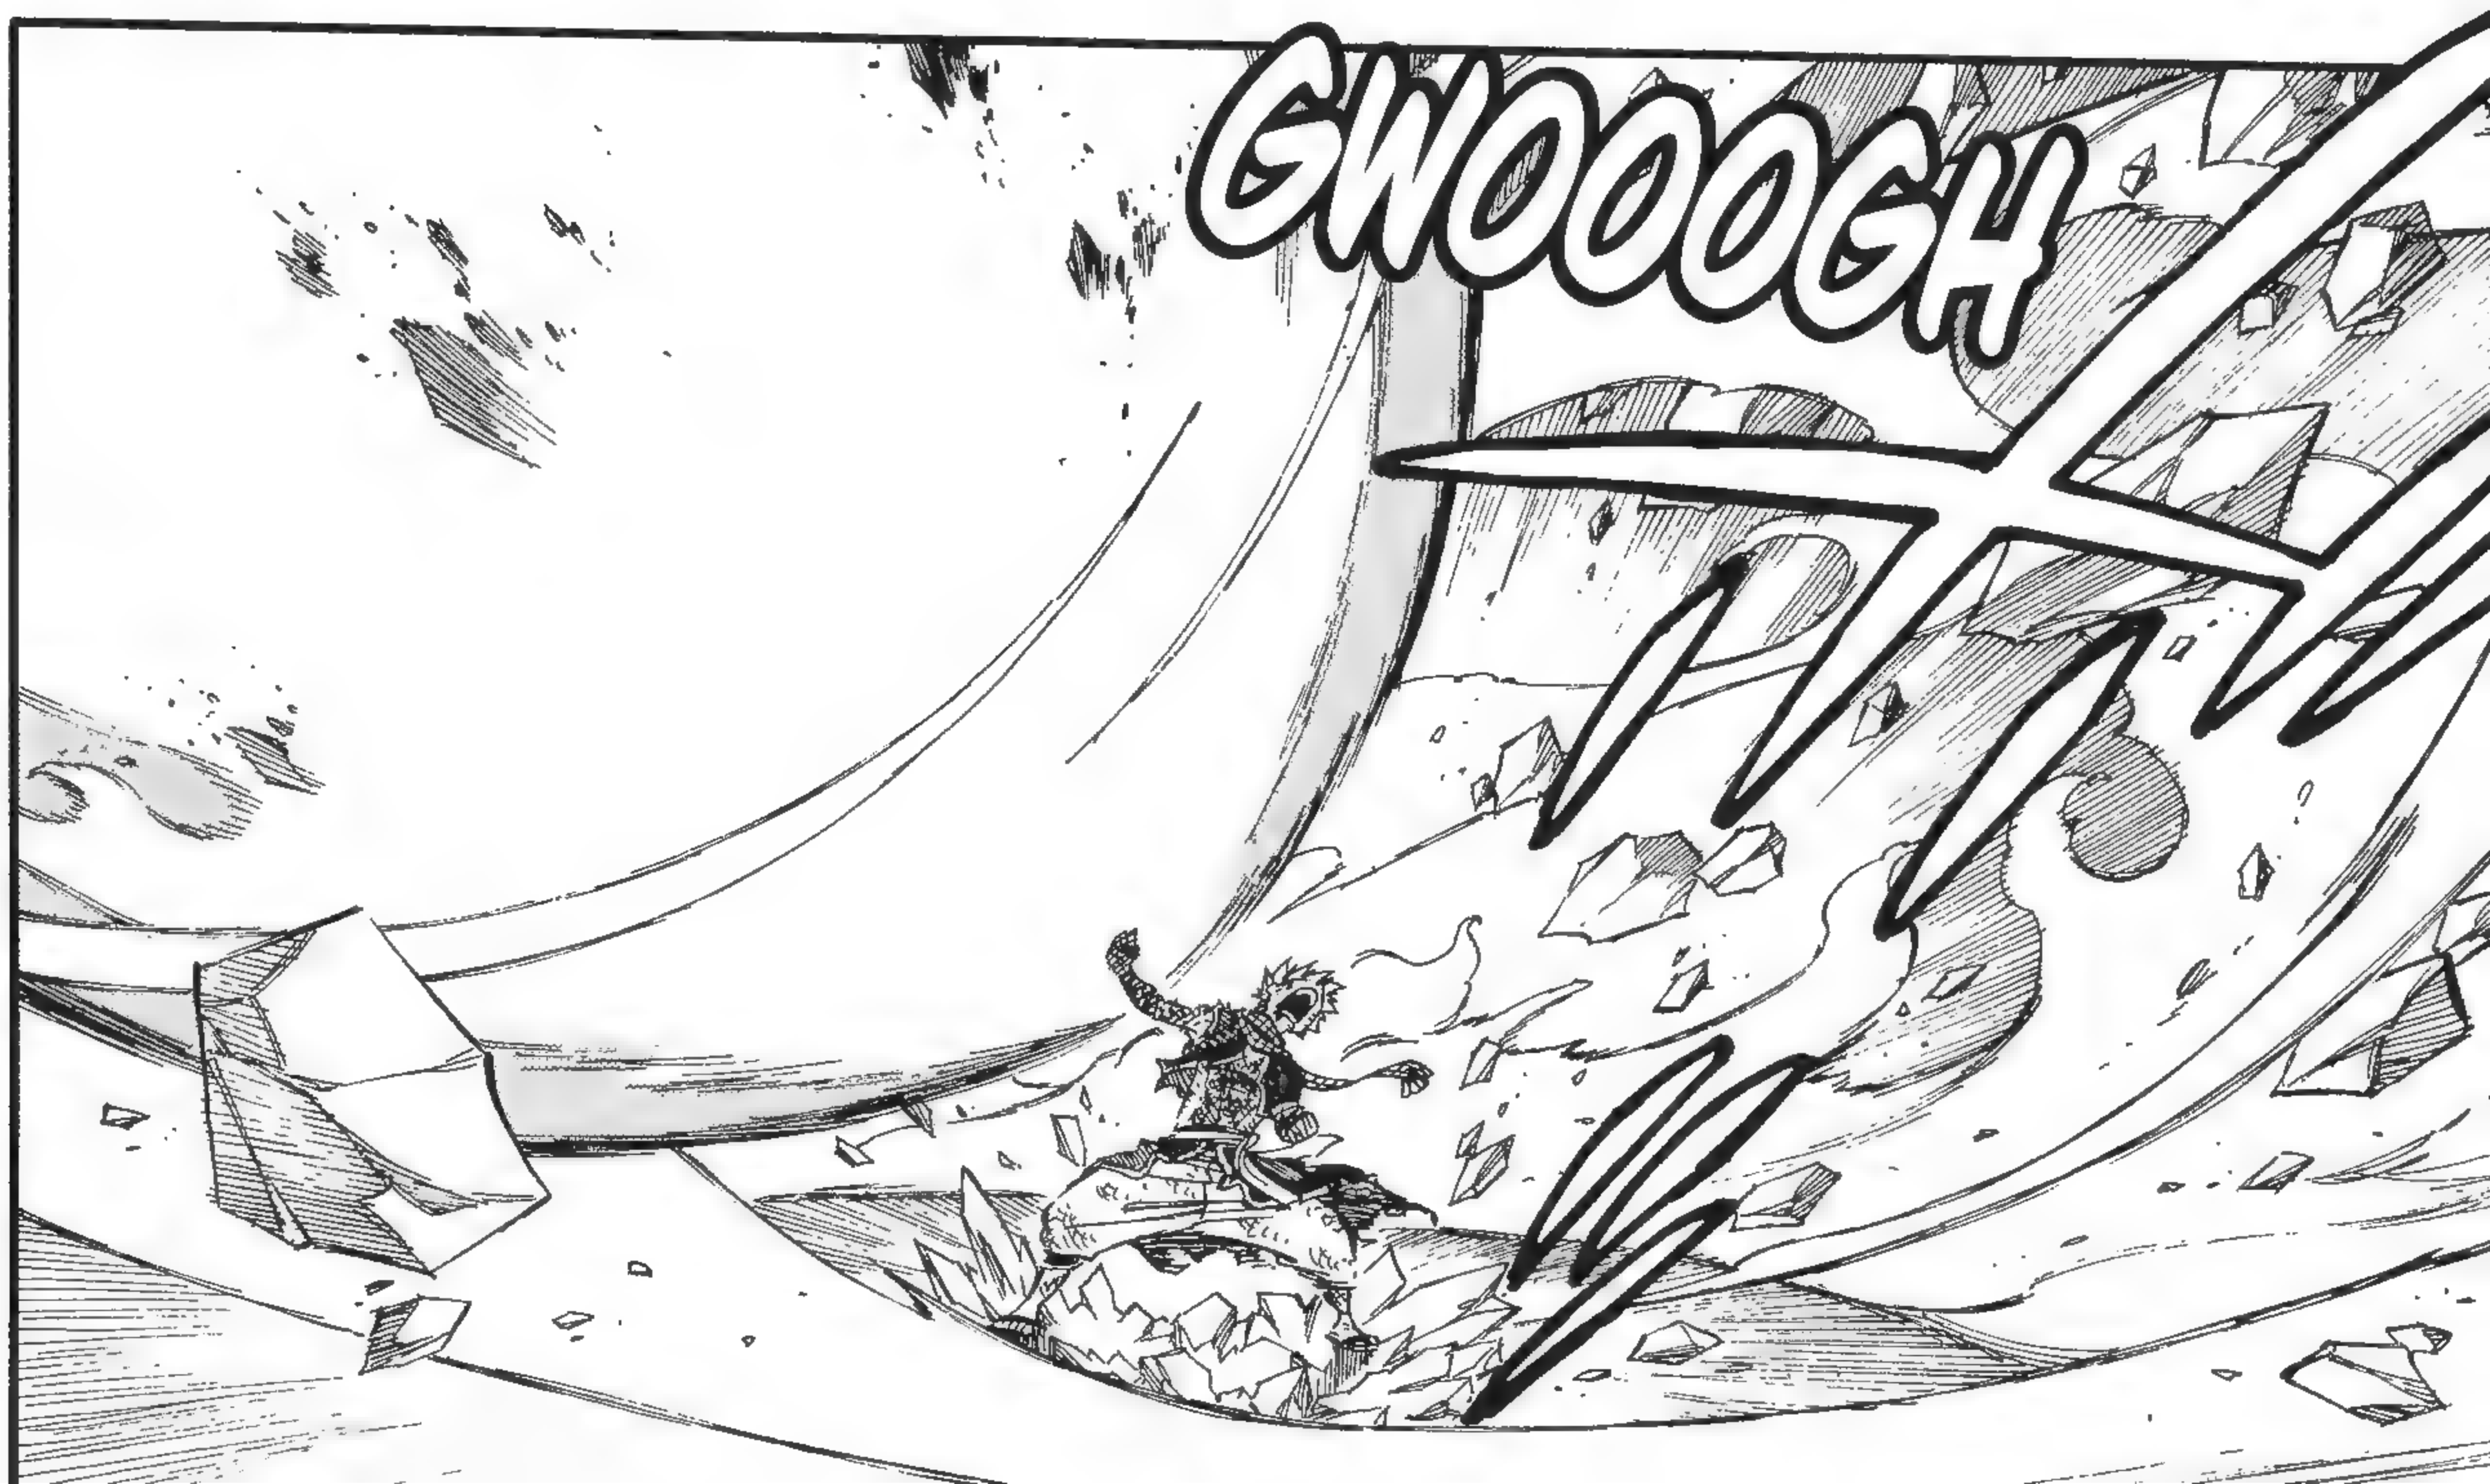

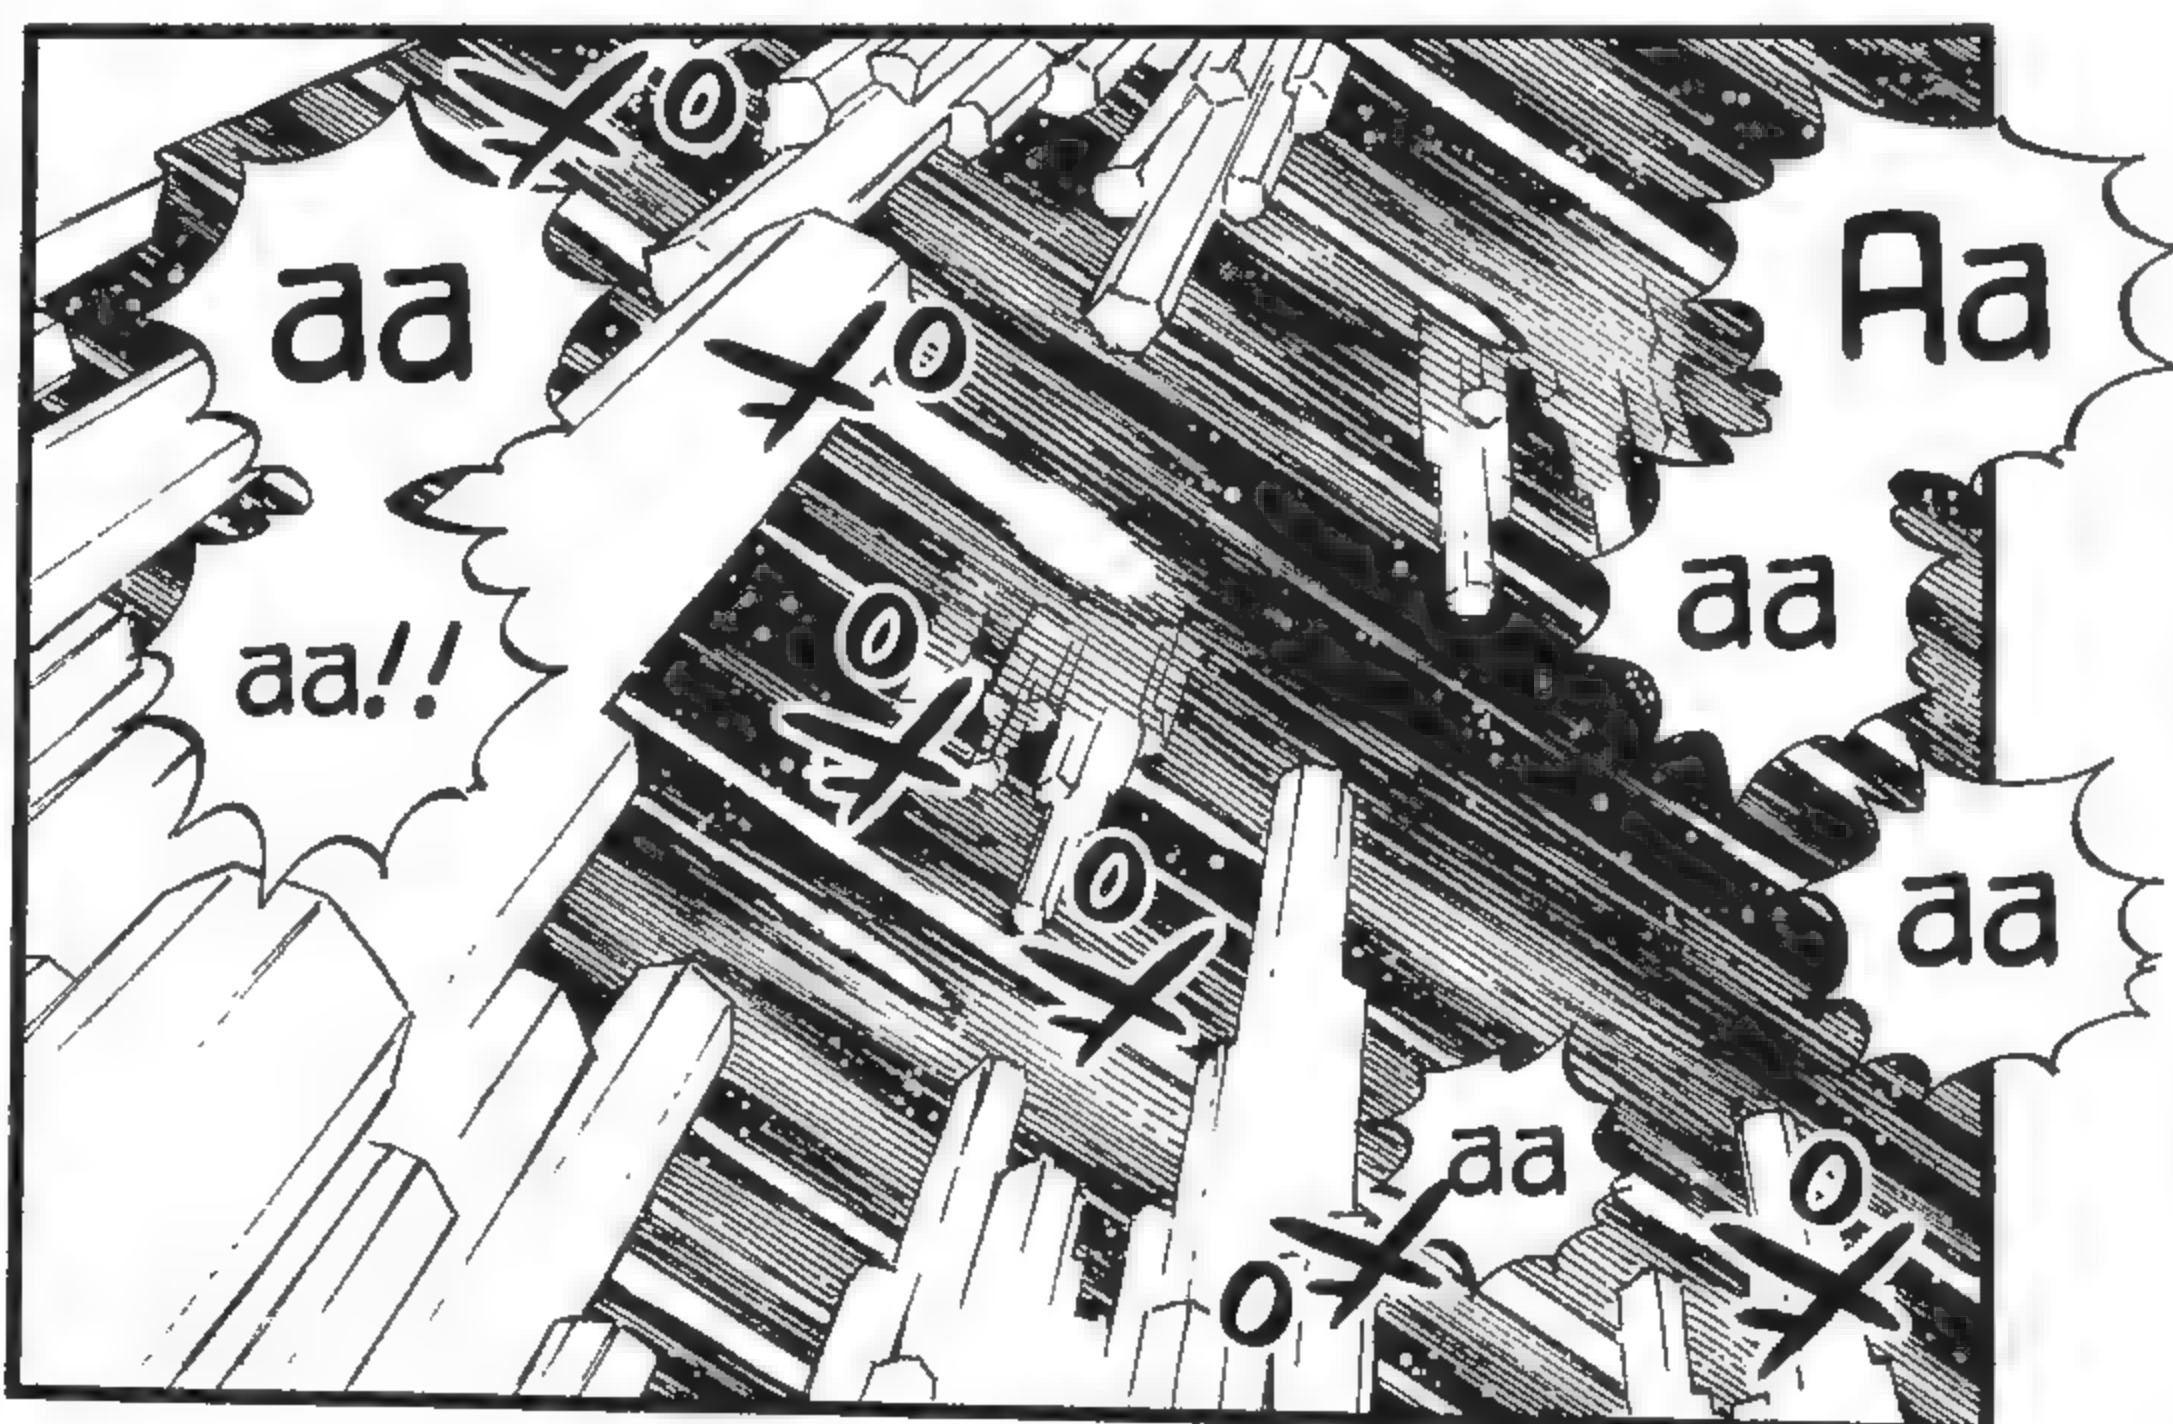

Erza!!

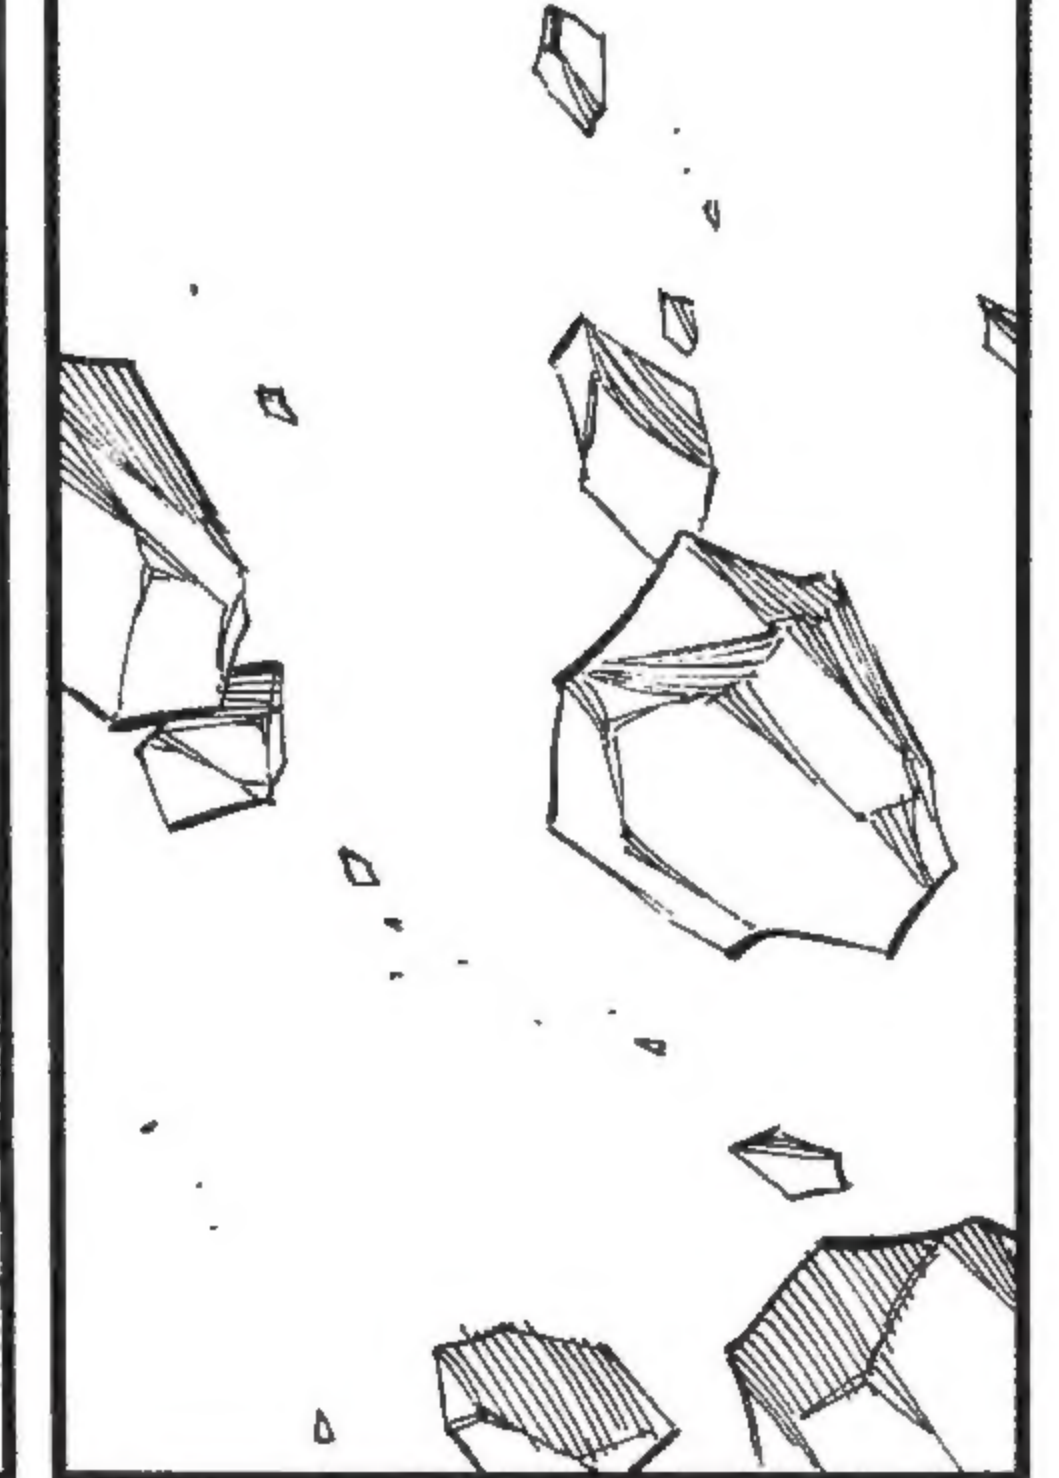

*Let's go
dragon
huntin'
!!!*

*Yeah
!!!!*

DOON

I
see that I
must teach
you...

...why it is
they call
me the
Dragon
King!!!!
